

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and
Board View 1**

**EUT Housing and
Board View 2**

Solder Board-Component View 3	 A photograph of a small electronic component, likely a solder mask or a small PCB, placed on a blue textured surface. The component is rectangular with a dark, possibly black, surface. It has several small, circular features, possibly solder pads or vias, and some text printed on it. The component is positioned next to a black ruler with white markings, which shows measurements in millimeters. The ruler is oriented vertically, with the 0 mark at the top and the 100 mark at the bottom. The component is located between the 10 mm and 20 mm marks on the ruler.
Solder Board-Component View 4	 A photograph of the same electronic component as in View 3, but from a different angle. The component is rectangular with a dark, possibly black, surface. It has several small, circular features, possibly solder pads or vias, and some text printed on it. The component is positioned next to a black ruler with white markings, which shows measurements in millimeters. The ruler is oriented vertically, with the 0 mark at the top and the 100 mark at the bottom. The component is located between the 10 mm and 20 mm marks on the ruler.

Solder Board-Component View 5	 A photograph of a printed circuit board (PCB) assembly, likely a mobile phone motherboard, showing various components including a large silver heat sink, a red component with a QR code, and other electronic components. The board is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm on the left and 0 to 200 mm on the right.
Solder Board-Component View 6	 A photograph of the same PCB assembly from a different perspective, showing the underside of the board. The board is black with several yellow solder pads visible. It is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm on the left and 0 to 200 mm on the right.
