To Whom It May Concern:

This report is being submitted to the Federal Communications Commission for an original certification of equipment pursuant to the requirements found in 47 CFR Telecommunication CHAPTER I FEDERAL COMMUNICATIONS COMMISSION, Parts 0, 1, 2, and 15 as published in the Federal Register on 28 July 2017.

Kwikbit, Inc. Part Number 1900-0155-1000

Kwikbit, Inc. Model Number M4-2000

The Kwikbit M4-2000 Non-Line-of-Sight wireless point-to-point backhaul product listed in this filing has been tested in accordance with the requirements contained in Part 15.407 of the FCC Rules and Regulations. To the best of my knowledge, the tests completed for this certification submission were performed using measurement procedures consistent with accepted FCC and industry procedures and demonstrates that this equipment complies with the appropriate regulatory requirements. I hereby certify that this application was prepared under my direction and that to the best of my knowledge and belief, the facts set forth in this application and accompanying technical data are true and correct.

Please be advised that the following information is a list of modifications that will be included in the production process for the above-referenced equipment.

The included schematics and printed circuit board information has been updated to include all design changes in effect at the time of regulatory compliance testing. The schematics and bill of materials associated with this filing reflect the updated design changes.
