Re: FCC ID: 2ADCB-RMODIT

To Whom It May Concern:

The following application is submitted on behalf of our client, Acuity Brands Lighting, Inc., for evaluation of their model RMODIT for a C2PC certification under FCC Part 15.247.

The purpose of the C2PC is to add a new antenna/host combination to the LMA filing. New antenna will affect the 900 MHz radio only.

I have reviewed the application and supporting documentation and have found them to comply with FCC requirements. I recommend this application for certification.

Yours sincerely
