Declaration letter

Date: 2019-01-23

FCC ID: CPODASH-T3PW

To Whom It May Concern:

DASH10EB is a WLAN/Bluetooth combination antenna with FCC ID: CPODASH-T3PW.

This WLAN/Bluetooth co-existence mechanism is to ensure that the WLAN and Bluetooth transmitters would not simultaneously operate. Also the WLAN 2.4G and WLAN 5G would not simultaneously operate .

Therefore, WLAN and Bluetooth antenna in (Model name) should not be considered to be able to transmit simultaneously.

Though the users can use WLAN and Bluetooth simultaneously, but the real situation is that WLAN and Bluetooth are used by time sharing and no overlap transmission.

Thank you for your attention.

Sincerely yours,

MELVIN VERGONIO
