

Modular Approval Request FCC (KDB 996369 D01 & Part 15.212)

FCC ID: QYLGET101AZ12

<i>Items to be covered by Single modular transmitters.</i>	<i>Answer from applicant</i>
1. The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly.	No, the EUT module does not contain its own RF shield. Please refer to the EUT Internal Photos
2. The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal.	Yes, the module's transmitter chip utilizes buffered data inputs. RFIC : Trade Name: EMRight CHIP Model Name: A128M1
3. The module must contain power supply regulation on the module	Yes, the module contains its own power supply regulator chip. RFIC : Trade Name: EMRight CHIP Model Name: A128M1
4. The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per §§ 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b).	Yes, please refer to the Operational Description.
5. The module must demonstrate compliance in a stand-alone configuration.	No, the module cannot demonstrate compliance in a standalone configuration. Host information : Product Name: Table Trade Name: Getac Model Name : ZX10, ZX10-Ex, ZX10G2, ZX10-210 , ZX10-220, ZX10Y (Y= 10 characters, Y can be 0 to 9, A to Z, a to z, "/", "\", "-", "_ or blank for marketing purpose)
6. The module must be labeled with its permanently affixed FCC ID label, or use an electronic display (see KDB Publication 784748).	Yes, the module has a permanently affixed label. Please see exhibits Label and Label Location.
7. The module must comply with all specific rules applicable to the transmitter, including all the conditions provided in the integration instructions by the grantee.	Yes, the module comply with all specific rules applicable to the transmitter, including all the conditions provided in the integration instructions by the grantee.
8. The module must comply with RF exposure requirements.	Yes, the module comply with RF exposure requirements.

Note: A limited modular approval (LMA) may be granted for *single* or *split* modular transmitters that comply partially with the requirements above.

Name and surname of applicant (or authorized representative): Kevin Chiang / Project Manager

Date: 2024-09-24
