

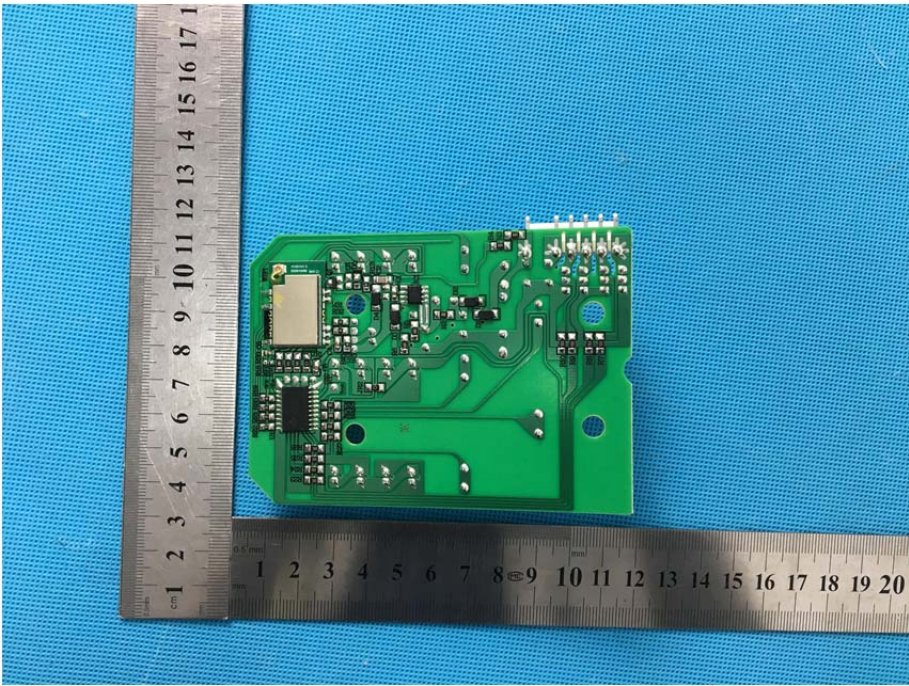

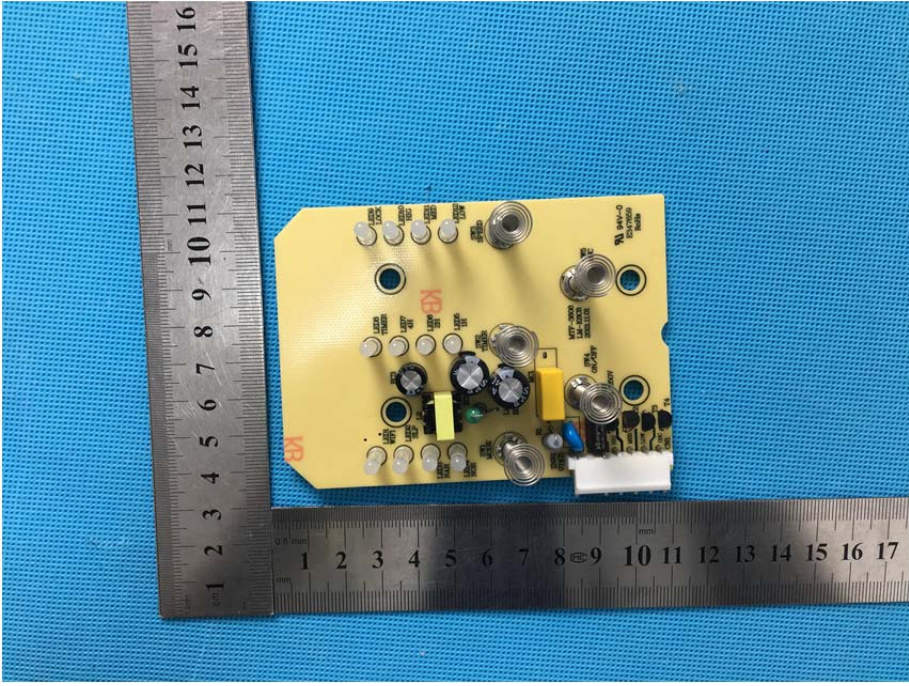

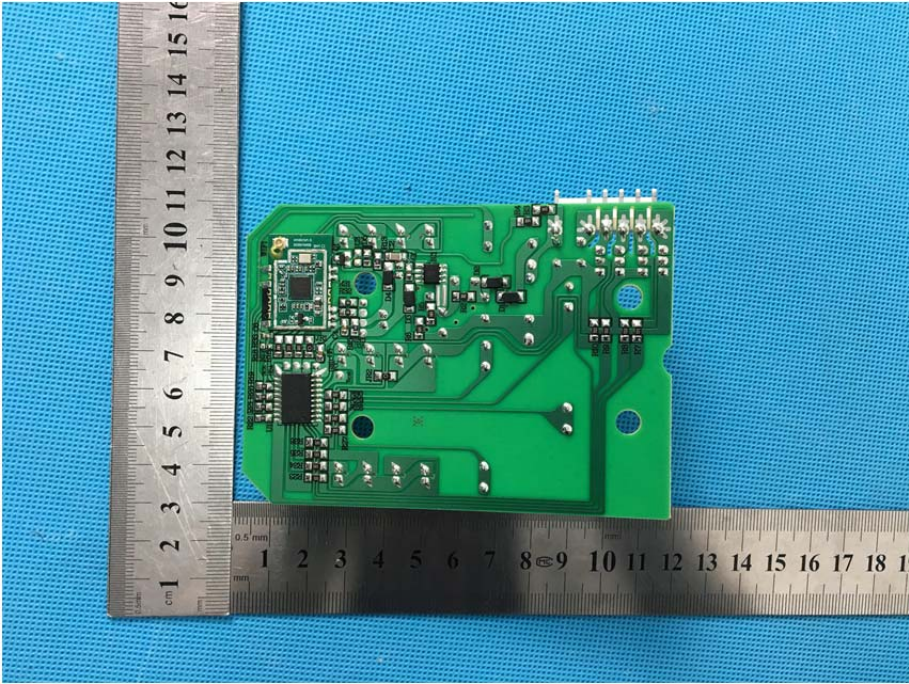

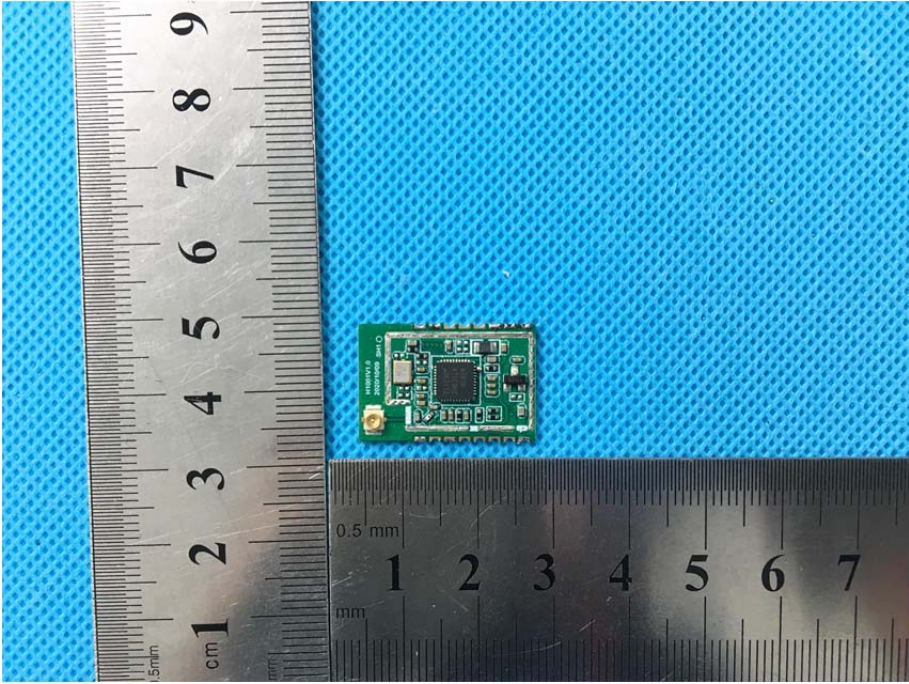

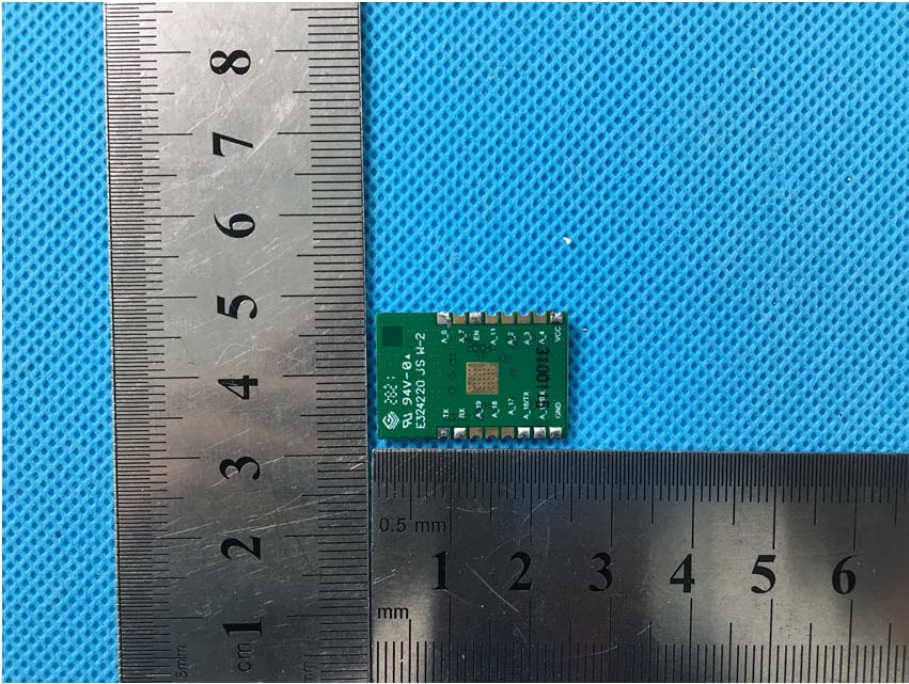

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

**EUT Housing and Board
View 1****EUT Housing and Board
View 2**

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) populated with various electronic components, including integrated circuits, resistors, and capacitors. The board is positioned next to a metal ruler for scale. The ruler shows centimeters from 1 to 20 and millimeters from 1 to 20. The PCB is approximately 10 cm long and 5 cm wide.
Solder Board-Component View 2	 A photograph of a yellow printed circuit board (PCB) populated with various electronic components, including integrated circuits, resistors, and capacitors. The board is positioned next to a metal ruler for scale. The ruler shows centimeters from 1 to 16 and millimeters from 1 to 17. The PCB is approximately 10 cm long and 5 cm wide.

Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component, labeled '3', resting on a blue textured surface. The component is rectangular with rounded corners and features various electronic components, including a large central chip, several smaller surface-mount components, and a series of gold-plated pins along one edge. A metal ruler is placed horizontally below the component, showing measurements in centimeters (0 to 18 cm) and millimeters (0.5 mm to 18 mm).
Solder Board-Component View 4	 A photograph of a smaller green printed circuit board (PCB) component, labeled '4', resting on a blue textured surface. The component is square-shaped and features a central chip and several smaller surface-mount components. A metal ruler is placed horizontally below the component, showing measurements in centimeters (0 to 9 cm) and millimeters (0.5 mm to 7 mm).
