Subject: Explanation of FCC Certification Application

Applicant: Uniden America Corporation  
181 North Country Club Road, P.O. Box 580  
Lake City, South Carolina 29560  
James R. Haynes, Vice President, Engineering and Regulatory Affairs

TYPE OF EQUIPMENT: 5.8 GHz Cordless Telephone Base Unit  
FCC RULES: Part 15.247  
FCC IDENTIFIERS: AMWUP743

Dear Sirs and/or Madams:

The above referenced device is a 5.8 GHz cordless telephone base unit that operates using Direct Sequence Spread-Spectrum modulation. This unit is designed to operate with the AMWUP744R remote handset. This unit (AMWUP743) is identical to a pending model, AMWUP744, except that the Bluetooth Module is not included with this device. However, the physical construction, including the printed circuit boards are identical. It has been verified that the test data reported in the application for AMWUP744 remain as representative to the AMWUP743 except for the Bluetooth emissions..

Therefore, please except the test data that was prepared by PCTest Laboratories for the AMWUP744 base unit that is also being submitted with this application, as being representative for the AMWUP743.

Thank you for your consideration in this matter. Please contact the undersigned if you have any questions or need any further information.

Regards,

A handwritten signature in black ink that reads "James R. Haynes". The signature is stylized with a large, looped initial "J" and a cursive script.
