

Model Difference Letter

TO: To who concern,

- **Bellowing are the model difference between the original and the new ITP-8.**

The original ITP-8,

HVIN:ITP-8
Model number:ITP-8
FCC ID:EF400182
IC ID:1078A-00182
Product Name: ELAN 8" Touch Panel User Interface.

The new ITP-8,

HVIN:ITP-8B
Model number:ITP-8
FCC ID:EF400229
IC ID:1078A-00229
Product Name: ELAN 8" Touch Panel User Interface.

The only difference is to see bellowing:

Increase Bluetooth function through firmware updated.
All Hardware is the same.

- **Bellowing are the model differences between the original and the new ITP-12.**

The original ITP-12,

HVIN:ITP-12
Model number:ITP-12
FCC ID:EF400183
IC ID:1078A-00183
Product Name: ELAN 12" Touch Panel User Interface.

The new ITP-12,

HVIN:ITP-12B
Model number:ITP-12
FCC ID:EF400230
IC ID:1078A-00230
Product Name: ELAN 12" Touch Panel User Interface.

The only difference is to see bellowing:

Increase Bluetooth function through firmware updated.
All Hardware is the same.

- **Bellowing are the model differences between the new ITP-8 and ITP-12.**

The new ITP-8,

HVIN:ITP-8B
Model number:ITP-8

FCC ID:EF400229
IC ID:1078A-00229
Product Name: ELAN 8" Touch Panel User Interface.

The new ITP-12,

HVIN:ITP-12B
Model number:ITP-12
FCC ID:EF400230
IC ID:1078A-00230
Product Name: ELAN 12" Touch Panel User Interface.

For both projects, blowing items are the same, and just like the original ITP-8 and ITP-12:

- All (HW and FW) of RF module Boards(including S700 module and AP6212 module) and antenna are the same.
- POE Board designs are the same.
