

TR626

User Manual
FM/MW/SW/LW
4 BAND RADIO WITH BLUETOOTH

The lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of uninsulated "hazardous voltage" within product's enclosure, which may be sufficient to induce a risk of electric shock to persons.

Thank you for purchasing our products. Please read this manual carefully before using this product. If you encounter any difficulties or problems during use, please contact us for further assistance.

Precautions

1. There may be electric shock dangerous when you don't operate or use this machine correctly, please strictly operate in accordance with its regulations. Except for the authorized repairing personnel, never open the back cabinet arbitrarily so as to avoid the dangerous of electric shock.
2. Please don't expose the unit under the rain or humid place, preventing from water and spray. Don't put anything which fill with liquid like vase etc above this unit.
3. Please don't press or bend the AC cord of the unit, in case of the copper inside the AC cord break and lead to open circuit.
4. When fall across thunderstorm or you don't use this machine for a long time, please do pull out the AC plug.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference.
- (2) And this device must accept any interference received, including interference that may cause undesired operation.

5. Please pull out the batteries when not use DC power supply, so as to avoid batteries electronic leak liquid corroding the radio.

6. Don't use the batteries combined with new and old, or different category.

Please put the dumped batteries at the place where indicate by government to avoid environment pollution.

Specifications

Frequency Range:

FM 87.5-108 MHz MW 526.5-1606.5 kHz LW 160-280 kHz SW 9
400 kHz - 9 900 kHz, 11 600 kHz - 12 100 kHz, 13 570 kHz - 13 870
kHz, 15 100 kHz - 15 800 kHz, 17 480 kHz - 17 900 kHz

Voltage : AC110V 60Hz or AC220 50Hz; DC 6V (UM-1x4)

Speaker: 3.5" 8Ω 2W

Max no-distortion output: 1.2W

Max consuming power: 6W

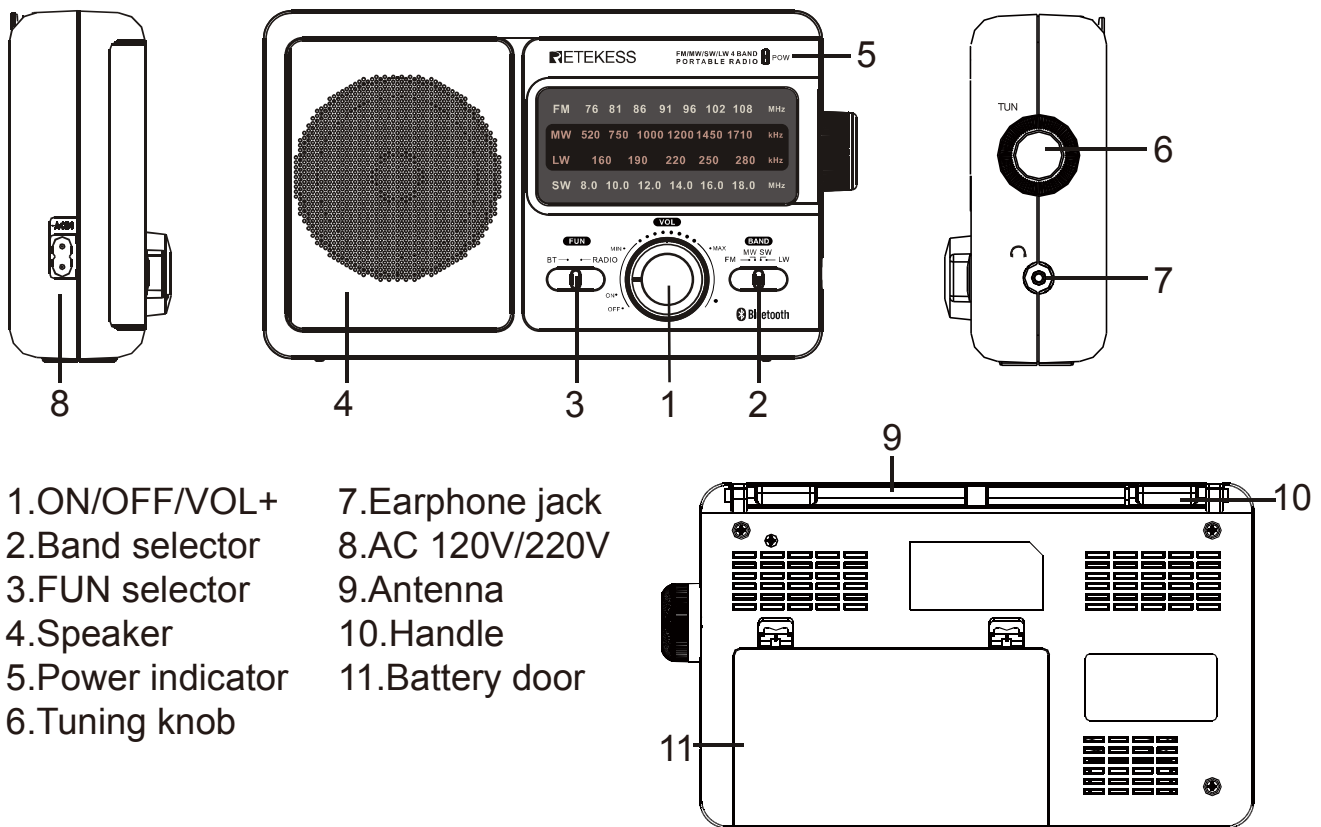

Antenna: MW/LW: inner magnetic rod antenna FM/SW: Rod antenna

Dimensions: 240*60*150mm/9.4*2.4*5.9in

Weight About 0.76 kg (Batteries are not include)

Accessories:

AC Power cord

| 5.Power indicator | 11.Battery door |
| 6.Tuning knob | |

RADIO OPERATION

- 1.Rotate the Volume knob to turn on the unit and set the Function Switch to Radio position, the red indicator light will be lighted on, you can adjust the volume by rotating the volume knob.
2. Select the FM/AM/SW/LW with band selector. Extend the antenna to get a better signal.
- 3.Rotate the tuning knob on the right side to select a channel, channel indicator stays red when a channel is properly selected.
- 4.If you don't want to disturb others, you also can choose the earphone to listen radio, just plug the earphone into the earphone jack.

Note:

- If you have bad reception, please extend the antenna and change the direction to improve the reception.
- Please be gentle with the tuning knob and FM/AM/SW/LW band selector, thanks.

BLUETOOTH OPERATION

1. Rotate the Volume knob to turn on the unit and set the Function Switch to BT position, the blue indicator light in the upper right corner will blink.
2. Turn on the Bluetooth feature of your audio device, search for “TR626”and pair.
3. Once your device is successfully paired with the unit, you will hear a short confirmation sound from the unit.
4. Play and stream music from your device to the unit.
5. Rotate the Volume knob to turn off the unit

Note: Bluetooth version: 5.1;Operating frequency:2402-2480MHz, Max output: 7 dBm

RF ENERGY EXPOSURE AND PRODUCT SAFETY GUIDE

ATTENTION!

Before using this radio, read this guide which contains important operating instructions for safe usage and RF energy awareness and control for compliance with applicable standards and regulations.

Local Government Regulations

When radios are used as a consequence of employment, the Local Government Regulations requires users to be fully aware of and able to control their exposure to meet occupational requirements. Exposure awareness can be facilitated by the use of a product label directing users to specific user awareness information. Your Reteless radio has a RF Exposure Product Label. Also, your Reteless user manual, or separate safety booklet includes information and operating instructions required to control your RF exposure and to satisfy compliance requirements.

Unauthorized modification and adjustment

Changes or modifications not expressly approved by the party responsible for compliance may void the user's authority granted by the local government radio management departments to operate this radio and should not be made. To comply with the corresponding requirements, transmitter adjustments should be made only by or under the supervision of a person certified as technically qualified to perform transmitter maintenance and repairs in the private land mobile and fixed services as certified by an organization representative of the user of those services. Replacement of any transmitter component (crystal, semiconductor, etc.) not authorized by the local government radio management departments equipment authorization for this radio could violate the rules.

FCC Requirements:

- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
 - (1) This device may not cause harmful interference, and
 - (2) This device must accept any interference received including interference that may cause undesired operation.

- This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CE Requirements:

- (Simple EU declaration of conformity) Henan Eshow Electronic Commerce Co.,Ltd declares

that the radio equipment type is in compliance with the essential requirements and other relevant provisions of RED Directive 2014/53/EU and the ROHS Directive 2011/65/EU and the WEEE Directive 2012/19/EU; the full text of the EU declaration of conformity is available at the following internet address: www.retekess.com.

- **Disposal**

The crossed-out wheeled-bin symbol on your product, literature, or packaging reminds you that in the European Union, all electrical and electronic products, batteries, and accumulators (rechargeable batteries) must be taken to designated collection locations at the end of their working life. Do not dispose of these products as unsorted municipal waste. Dispose of them according to the laws in your area.

IC Requirements:

Licence-exempt radio apparatus

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage;
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

RF Warning Statements

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

RF Exposure Information

- DO NOT operate the radio without a proper antenna attached, as this may damage the radio and may also cause you to exceed RF exposure limits. A proper antenna is the antenna supplied with this radio by the manufacturer or an antenna specifically authorized by the manufacturer for use with this radio, and the antenna gain shall not exceed the specified gain by the manufacturer declared.
- To avoid interference, turn off the radio in areas where signs are posted to do so.
- DO NOT operate the transmitter in areas that are sensitive to electromagnetic radiation such as hospitals, aircraft, and blasting sites.

Avoid Choking Hazard

Small Parts. Not for children under 3 years.

Protect your hearing:

- Use the lowest volume necessary to do your job.
- Turn up the volume only if you are in noisy surroundings.
- Turn down the volume before adding headset or earpiece.
- Limit the amount of time you use headsets or earpieces at high volume.

WARNING

- When using the radio without a headset or earpiece, do not place the radio's speaker directly against your ear
- Use careful with the earphone maybe possible excessive sound pressure from earphones and headphones can cause hearing loss

Note: Exposure to loud noises from any source for extended periods of time may temporarily or permanently affect your hearing. The louder the radio's volume, the less time is required before your hearing could be affected. Hearing damage from loud noise is sometimes undetectable at first and can have a cumulative effect.

Approved Accessories

WARNING

- This radio meets the RF exposure guidelines when used with the Reteless accessories supplied or designated for the product. Use of other accessories may not ensure compliance with the RF exposure guidelines and may violate regulations.
- For a list of Reteless-approved accessories for your radio model, visit the following website: <http://www.Reteless.com>
