Subject: Family application to add another model to VDE-GGCAC

To Whom It May Concern:

Enclosed, please find a radio application from Generac Power Systems, Inc., requesting that a family be created for Generator connectivity accessory, FCC ID: VDE-GGCAC (19/04/2024) and that a new model, RADIO-G3-4V be added to that family

Below is the relevant information regarding the above noted device -

IC : VDE-GGCAC

PMN : Generator Connectivity Accessory, Cellular

Existing HVIN : RADIO-G3-12V

Additional HVIN: RADIO-G3-4V (being added with this application)

The Radio-G3-4V is identical to the Radio-G3-12V except the 12V power supply circuit is not populated and the second SIM & SIM switch are not populated. Radiated Emissions and max power out were tested to ensure the RF performance was still within specification due to these population changes.

We have enclosed the completed the application form with the applicable exhibits.

If you have any questions or need any additional information, please let me know.

Sincerely,

By:
