

Variants for FCC-Certification Model T12

Type Approval Electrical Parts

FCC ID: 2ADAT-T12S2

IC: 12438A-T12S2

ØD=122mm

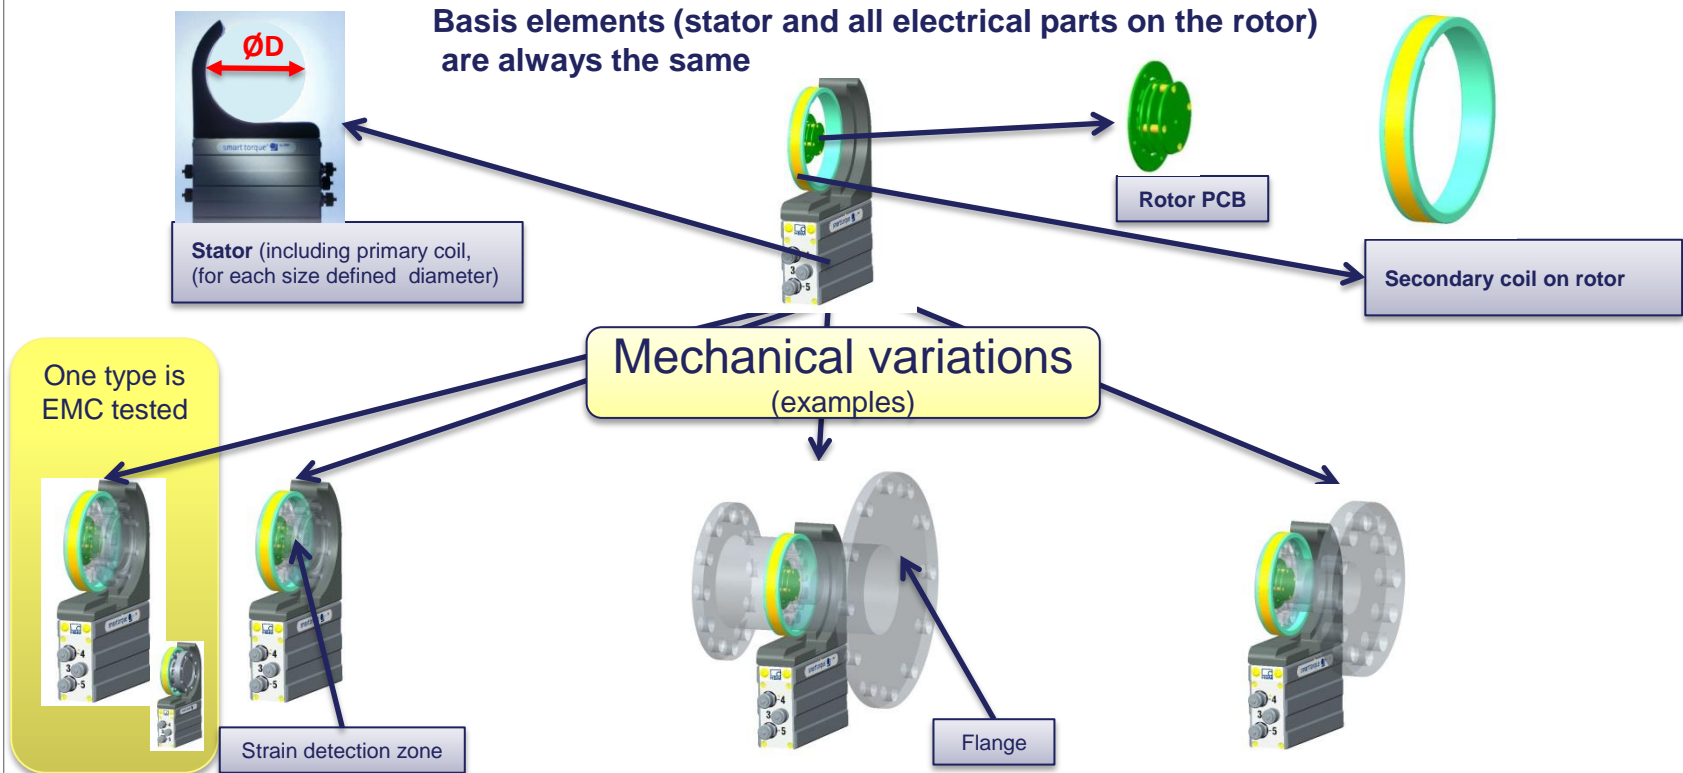

Variations of mechanical parts of rotor (variations have no influence on RF characteristics)

100Nm

200Nm

customized

Same RF characteristics:

- All types of one size have the same stator, same stator PCB, same primary coil, same rotor PCB, same secondary coil on the rotor and have complete metallic housing of rotor and stator.

Possible mechanical modifications (no influence on RF characteristics):

- Variations of the thickness of the strain detection zone to realize different torque ranges (e.g. 100Nm, 200Nm,...)
- Variations of flanges (e.g. diameter of PCD, length, ...) to realize different mechanical interface (mountable to customers counter flange)
