

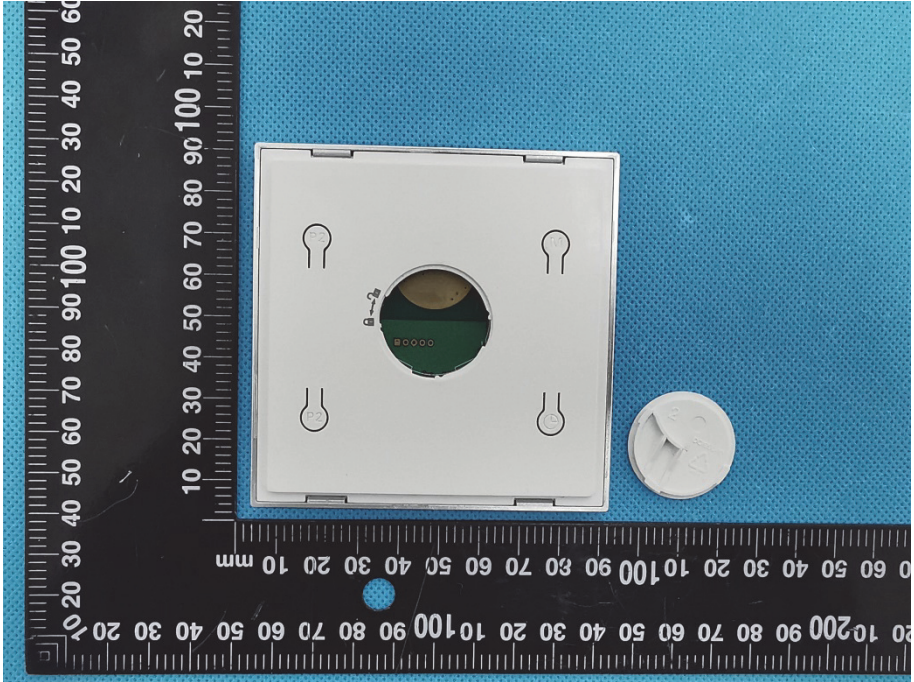

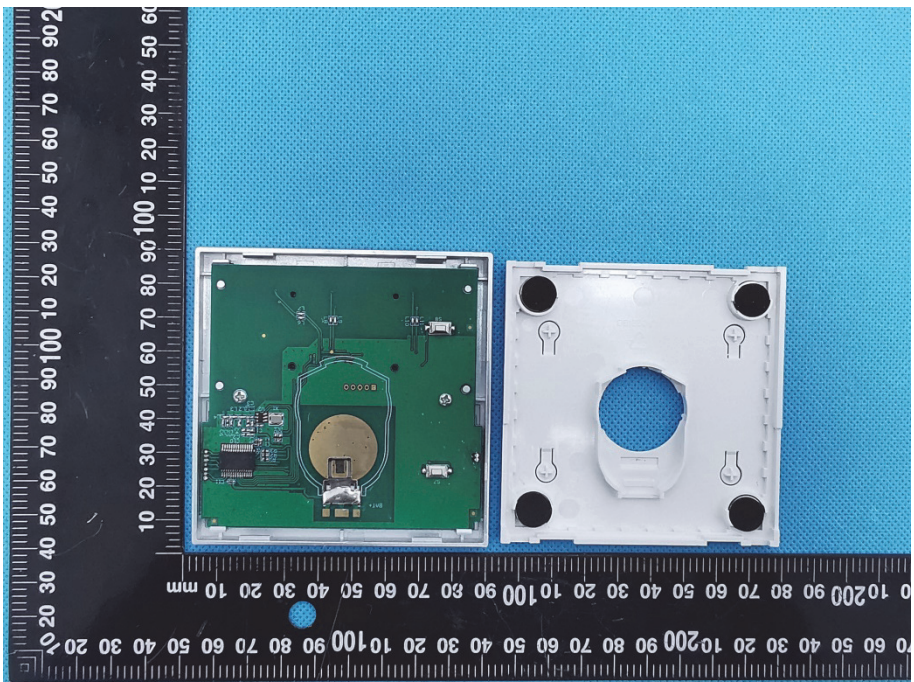

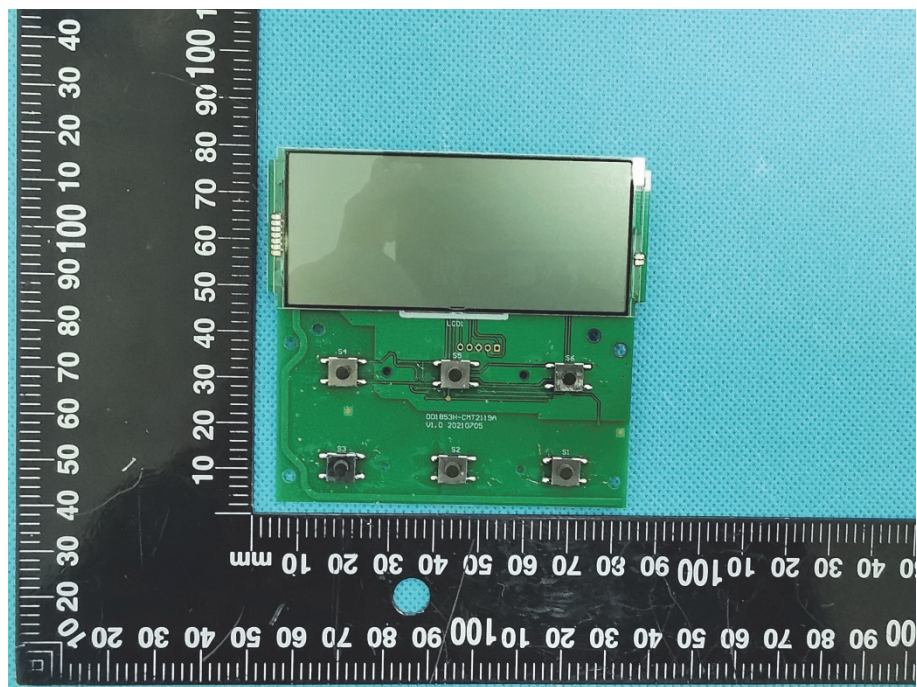

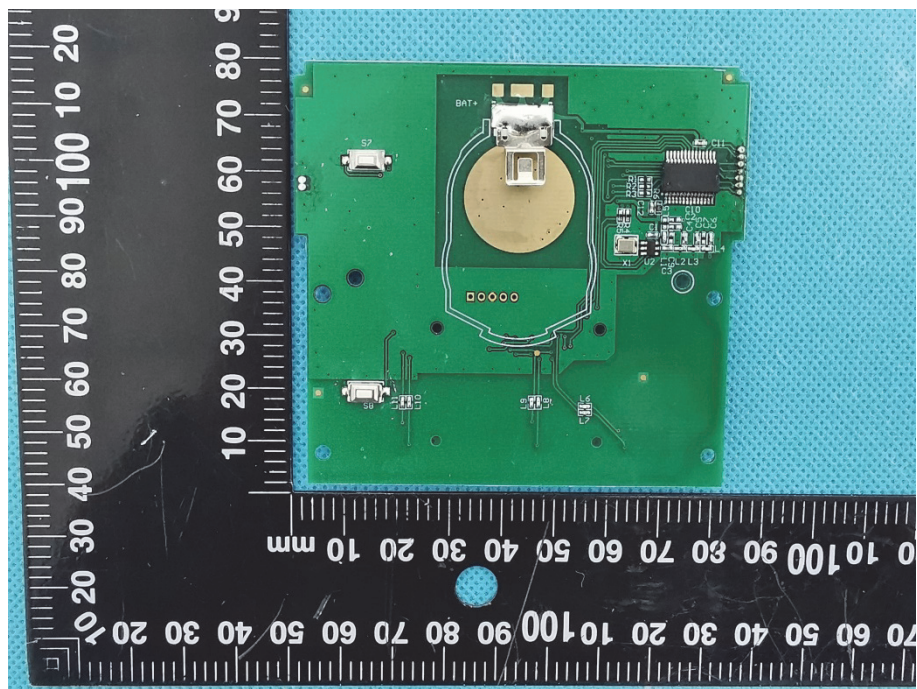

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the exterior of a white plastic EUT housing. The housing is square with rounded corners and features four circular indentations, one in each corner. A central circular opening reveals the green printed circuit board (PCB) inside. To the right of the housing is a small, white, circular component with a central protrusion. A black ruler with white markings is placed horizontally below the housing, showing measurements in millimeters and centimeters. The background is a blue textured surface.
EUT Housing and Board View 2	 A photograph showing the interior of the EUT housing. The green PCB is visible, featuring various electronic components, including a central microcontroller unit (MCU) and several surface-mount components. The PCB is mounted within the white plastic housing. A black ruler with white markings is placed horizontally below the housing, showing measurements in millimeters and centimeters. The background is a blue textured surface.
