Re: C6ZBST25-216; Correspondence Ref. No. 16099

Please be advised that all reference to the external antenna on the BST25-216 has been stricken from the instruction manual and specifications. The remote antenna will not be used. Only the pull-out 1/4 wave antenna will be referred to in the instruction manual and will be the only antenna provided as represented in the test report provided by M. FLOM ASSOCIATES, Inc. Global Compliance Center.

A new instruction manual and specification sheet are enclosed reflecting this change.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Belgique", with a long horizontal flourish extending to the right.
