To whom it may concern:

Pursuant to the provisions of Section 47 CFR 0.459 and 0.457 Zonar Systems requests permanent confidentiality for documents filed under the following exhibit types

- Device Schematics
- Operational Description
- Block Diagrams
- Part List

These items contain detailed system and equipment description and related information about the product which *Zonar Systems* considers to be proprietary, confidential and a custom design which otherwise would not be released to the general public. Since this design is a basis from which future technological products will evolve, *Zonar Systems* also feels that this information would be of benefit to its competitors, and that the disclosure of the information in these exhibits would give our competitors an unfair advantage in the market.

Sincerely,

David Pascoe  
Design Engineer
