Attn: To Whom it May Concern / Application Examiner / Review Engineer / Officer in Charge
Re: Permanent Confidentiality Request for FCC ID: QOQ-BGM220S2 concerning the
internal photo(s)

Dear Madam or Sir,

We, Silicon Laboratories Finland Oy, a corporation branch validly organized and existing under the laws of Finland, having its principal place of business at Alberga Business Park, Bertel Jungin aukio 3, 02600 Espoo, Finland,

hereby **request** the authorization to keep the **internal photo(s)** of our Bluetooth Low Energy wireless radio modules with model names of BGM220S22A and BGX220S22A, having **FCC ID: QOQ-BGM220S2, permanently confidential**.

We have spent substantial effort in developing this product and it is one of the first of its kind in the industry with a unique internal construction. Having the internal photos easily available to other competing manufacturers would negate the advantage we have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

The circuit board and bond wiring and all internal components are not accessible because they are enclosed in epoxy. Integrators and users do not have access to the internals of the module, due to the fact that the module is completely molded and mechanically removing the molding material will destroy the module and break the parts in it.

Should there be any query regarding this request, please do not hesitate to contact the undersigned. Thank you for your attention to this matter.

Place and date of issue (of this letter):
Espoo, August 31, 2020

A handwritten signature in blue ink, appearing to read 'Enrico Taddeo'.
