Gentlemen,

In accordance with 0.459 of CFR 47, Leica Geosystems AG hereby requests confidentiality of all attachments for the subject application like Block Diagrams, Electronic Schematics and Layouts, Circuit Description, Parts List, Operational Description and Online-Instructions.

These documents contain detailed system and equipment description and related information about the product which Leica Geosystems AG considers to be proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a basis from which future technological products will evolve, Leica Geosystems AG considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,
