

Table 5: Output Power MR701 repeater

per carrier Output Power for each communication format	# of carriers	GSM, (dBm): high pwr	CDMA, (dBm): high pwr	TDMA, (dBm): high pwr
	1	40	37	40
	2	37	31	34
	4	33	28	30
	8	29	25	27

Note: The high power amplifier is a correcting feed-forward design. Hence, the backoffs will not necessarily be identical.
