RE: Intel Model: WM3B2200BG

To: Joyce Kuo, (Tel: +886 3 3272345 ext. 5714)

With this letter Intel Corporation authorizes Quanta Corporation to use the Intel Corporation FCC ID: PD9WM3B2200BG Radio Module test report data as reference in obtaining their own FCC and Industry Canada approval for systems shipping under the Quanta and Gateway product names. Quanta and Gateway are responsible for all required agency testing and may only use the Intel Radio Module test report stated above as reference only.

The Intel Corporation model number WM3B2200BG FCC ID: PD9WM3B2200BG and IC: 1000M-B2200BG WLAN Mini-PCI Adapter will continue to be manufactured by Intel Corporation.

Quanta and Gateway are responsible for all system level labeling requirements and any other agency requirements.

Please feel free to contact me at 858-391-1900 for additional information.
