

BYTECH®

Specifications:

- Input: 5V/3A
- Wireless charging output: 5V/1A
- Wireless pad#1 output: 5W
- Wireless pad#2 output: 5W
- Charging efficiency: ≤60%
- Charging distance: ≤8MM
- USB cable length: 50 cm

BY-MO-CP-500-BK

Customizing:

The support feet freely adjust according to different phone sizes, by pulling down. The height extending arm is also adjustable when in use, and the Wireless Charging Stand can be folded for storage or travel.

Product Diagram:

- PAD 1: Compatible with iPhone 12, iPhone 12 mini, iPhone 12 Pro, iPhone 12 Pro Max, iPhone SE (2nd generation), iPhone 11, iPhone 11 Pro, iPhone 11 Pro Max, iPhone XS, iPhone XS Max, iPhone XR, iPhone X, iPhone 8, iPhone 8 Plus, Samsung Note 8 and later, Samsung Galaxy S8/S9/S10/S20 Series and later, Google Pixel 3/3XL and later, LG G7 ThinQ, LG G8 ThinQ, LG V40 ThinQ, LG V50, V60 and later and all Qi compatible devices.
- PAD 2: Compatible with AirPods® and all other True Wireless earbuds that support Wireless Charging.

Included Items:

- 1x 2in1 Wireless Charging Stand
- 1x Micro USB charging Cable
- 1x User Manual

Preparing to Charge:

The Wireless Charging Stand can charge Qi" enabled smartphones. If your protective case has metallic studs, magnetic clasps, or a magnetic plate, you must remove the case before placing your phone on the pad. Also ensure the protective case does not create distance between the charging pad and the back of the phone that is greater than 4 mm.

Charging:

1. Connect the Wireless Charger using the included Micro USB power cable.
2. Place your Qi enabled smartphone on Wireless Pad #1. Your smartphone will automatically begin to charge. For optimum charging, place your mobile phone in the center of the wireless pad
3. Place your Qi enabled wireless earbuds case on Wireless Pad #2. Your earbuds case will automatically begin to charge.

LED Status Indicator:

- Start and Standby status: the indicator light in the middle glows red.
- Wireless charging on Pad#1: The light on the left glow blue.
- Wireless charging on Pad#2: The light on the right glow blue.
- If you charge two devices at once, three lights will glow at the same time.
- Blinking blue light: Foreign object detected, charging is disabled.

WARNING:

- Do not let small children play this product
- Medical Implants: Please maintain a minimum of 8 inch safe distance between the Wireless Charging Station (when powered ON and any medical implants that can be affected by a magnetic field, such as pacemakers.
- Do not place a magnet or any magnetically sensitive devices such as credit cards on the charging pad.
- Avoid placing metal or magnetic objects near the Wireless Charging Station to prevent damage.
- Do not expose this product to liquid, moisture or humidity to avoid the product's internal circuit being affected.
- Do not use abrasive cleaning solvents to clean the product.
- Store the product out of direct sunlight and extreme temperatures (above 45°C/113°F or below -10°C/- 14°F), as this may shorten the circuitry life, affect the operation or degrade the performance of your product.
- Do not dispose of the product in a fire as it might result in an explosion.
- Do not expose the product to sharp objects as this will cause scratches and damage.
- Do not drop the product. This may cause damage to the internal circuitry.
- Do not attempt to disassemble the product. This may cause damage to the internal circuitry.
- This appliance is for indoor use only. Please do not use or store the unit in high temperature or hazardous locations. Please do not submerge the unit into water, as this will ruin the product.
- The warranty for this product is invalidated if the product has been tampered, repaired or modified in any way.

IMPORTANT NOTE:

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator& your body.

Warranty:

Bytech NY INC. warrants this product to be free from defects in materials and workmanship to the original purchaser for a period of 2 years from the original purchase date. Bytech's responsibility with regard to this limited warranty shall be limited solely to repair or replacement of any product which fails during normal consumer use. This warranty does not extend to damage or failure which results from misuse, neglect, accident, alteration, abuse, improper installation or lack of maintenance. If at any time during the 2 year period following the purchase, the product fails due to defects in material or workmanship, return the defective product (with freight prepaid) and include the proof of purchase. Additionally, please enclose \$5.00 for return shipping and handling. All trademarks and copyrights are property of their respective owners.
