

DUT with Harness

DUT (top)

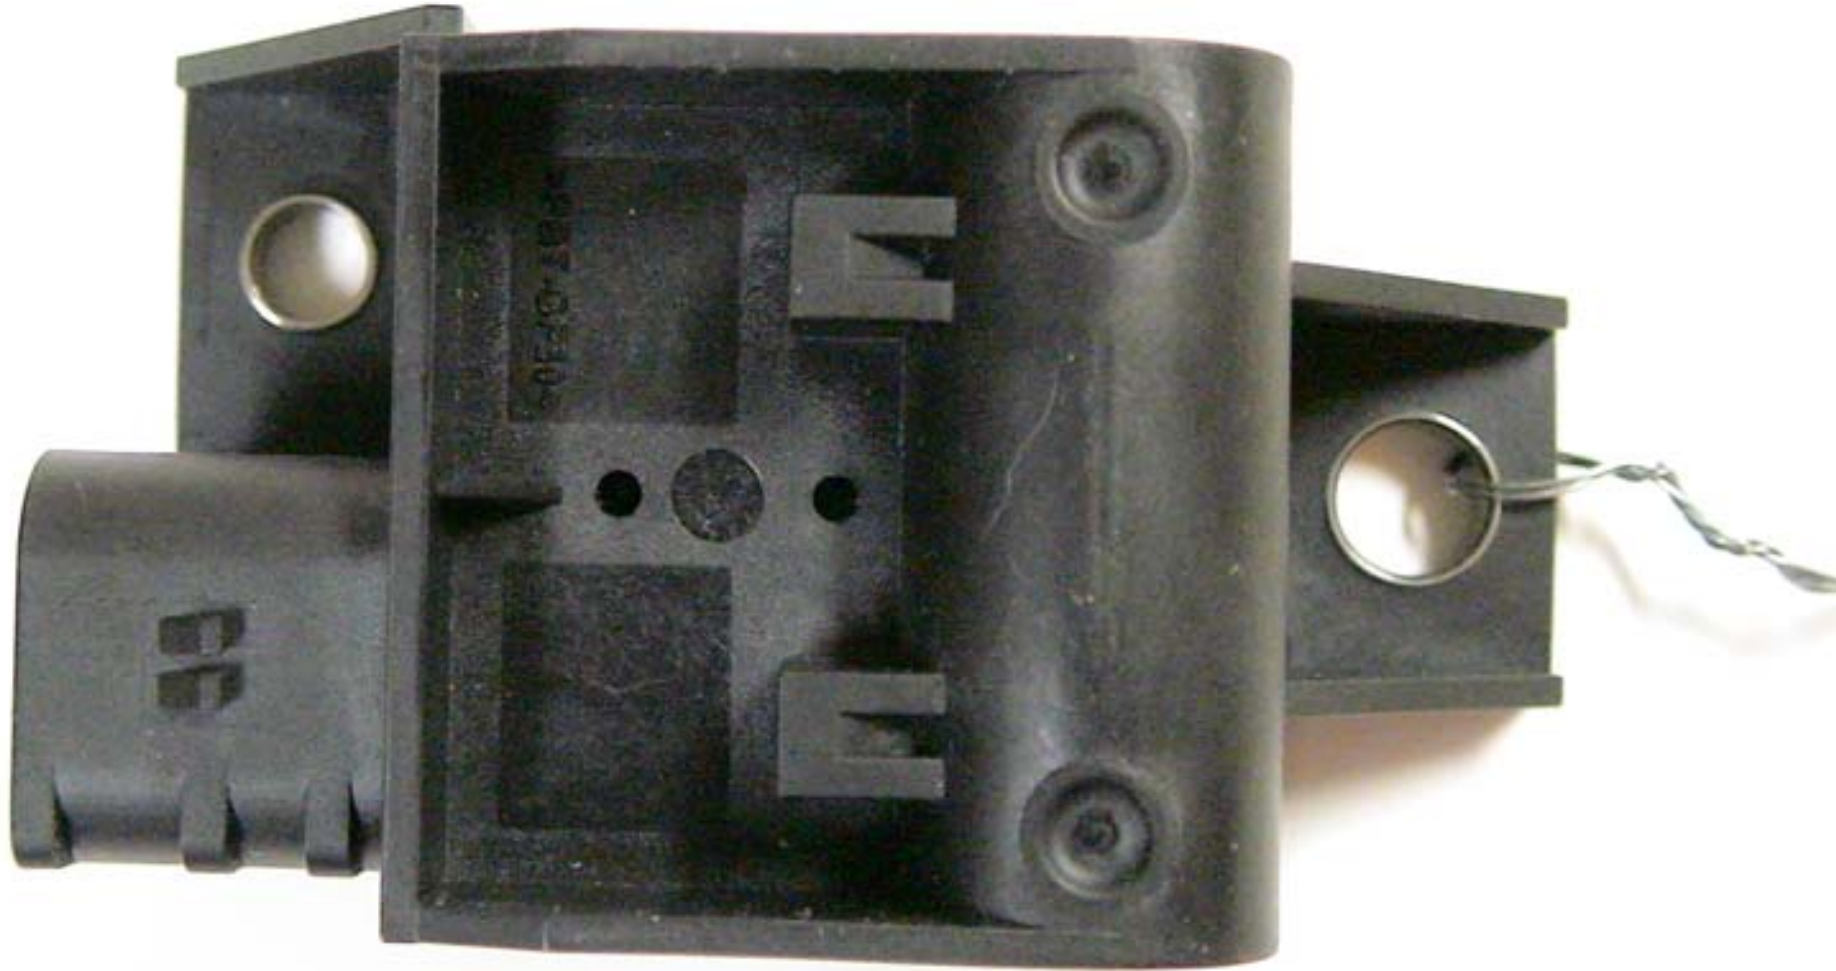

DUT (bottom)

DUT (top) (close up)

A close-up photograph of the top of a Device Under Test (DUT). The central component is a white, square-shaped chip with a circular pad in the center. The chip is mounted on a black printed circuit board (PCB). A small metal wire is connected to the left side of the chip. The PCB has a circular pad on the right side, which is also visible. The background is a plain, light-colored surface.

DUT (bottom) (close up)

DUT (side) (close up)
