Source Selection

Source: Bluetooth

Source: Aux-in

EN | Technical Specifications

Bluetooth Version: Bluetooth 2.1 + EDR
Bluetooth Frequency: 2402 ~ 2480 MHz
Operating Range: Up to 10 meters, measured in open space. Walls and structures may affect range of device.
Supported Bluetooth Profiles: A2DP (Wireless Stereo Bluetooth), AVRCP (Bluetooth Remote Control), HFP (Handsfree profile)
Reported Codec: SBC
Lithium-Ion Battery: 3.7V 1050mAh (3.8 Wh)
Input: TV, PC, AUX
Battery Saving Mode: The speaker automatically powers down when there is no Bluetooth connection or no audio cable attached for more than 10 minutes.
Operating Temperature Range: 0°C ~ 40°C
Note: Conference meetings are limited to more than 10 minutes.
* Not included. Sold Separately.

Istruzioni dettagliate sulla rimozione della batteria integrata possono essere trovate su Guida di Smontaggio / Sicurezza / Informazioni sulla rimozione della batteria e sulla regolamentazione (sezione di supporto tecnico). Queste istruzioni sono strettamente destinate a professionisti qualificati.

NL | Technische Specificaties

Bluetooth Versie: Bluetooth 2.1 + EDR
Werkingfrequentie: 2402 ~ 2480 MHz
Werkingbereik: Tot 10 meter, gemeten in open ruimte. Muren en objecten kunnen het bereik van het apparaat beperken.
Ondersteunde Bluetooth Profielen: A2DP (draadloos stereo Bluetooth), AVRCP (Bluetooth afstandsbediening), HFP (handsfree profiel)
Codec: Supporteert: SBC
Lithium-Ionen Batterij: 3,7 V 1050 mAh (3,8 Wh)
Ingang: TV, PC, AUX
Batteriesparing: De luidspreker gaat automatisch uit als er geen Bluetooth-verbinding is of als er meer dan 10 minuten geen geluid wordt verzonden.
Temperatuur van het product te vinden: 0°C ~ 40°C
Opmerking: Het gebruik van de conferentie is beperkt tot maximaal 10 minuten.
* Niet meegeleverd. Te koop verkrijgbaar.

Overige Informatie

Voor de meest recente versie van het handleiding, DGC en aanvullende documenten, zoek informatie over veiligheid en regelgeving voor dit product, gaat u naar www.creative.com/support.
Gedetailleerde instructies voor het verwijderen van de geïntegreerde batterij zijn beschikbaar in de Handleiding / Veiligheidsinformatie en verwijzingen (technische ondersteuning). Deze instructies zijn bedoeld voor gekwalificeerde technici.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
