

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing two white, rectangular electronic components (EUT) placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the components, showing measurements from 0 to 200 mm. The component on the left is taller and has four horizontal lines and two small triangular markings on its surface. The component on the right is shorter and wider.
EUT View 2	 A photograph showing a single white, rectangular electronic component (EUT) placed on a blue textured surface. A black ruler with white markings is positioned vertically to the left of the component, showing measurements from 0 to 200 mm. The component has four horizontal lines and two small triangular markings on its surface.

EUT View 3	 A photograph showing the back of a white, rectangular electronic device. The device is positioned vertically on a blue textured surface. A black L-shaped ruler is placed next to it for scale. The vertical ruler on the left shows markings from 0 to 100 mm, and the horizontal ruler at the bottom shows markings from 0 to 100 mm. A small label is visible near the bottom of the device, containing the text: "Model: DD2780H", "Shenzhen Daxin Technology Co., Ltd.", "CE", and "RoHS".
EUT View 4	 A photograph showing the front of the same white, rectangular electronic device. It is positioned vertically on a blue textured surface. A black L-shaped ruler is placed next to it for scale. The vertical ruler on the left shows markings from 0 to 100 mm, and the horizontal ruler at the bottom shows markings from 0 to 100 mm. The front of the device features four horizontal lines, likely representing buttons or indicators.
