Requesting Class II permissive change

To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for FCC ID: COF-WMBACBM25, Original grant date: 05/06/2019

The major change filed under this application is :

- 1. The subject approved module is integrated in a new host (product: Digital Camera, Model: FF220002).
- 2. Evaluations have been done to ensure compliance.
- 3. The hardware design of this transmitter that may affect compliance is remained unchanged in this permissive change application.
- 4. The UNII-2C remained disabled by software according to the condition of the original grant date: 05/06/2019.
- 5. The security mechanism according to section II of KDB 594280 D02 is remained unchanged as it reported to the FCC at the original grant.
- 6. The master and client modes operate in each frequency band are same as it is in the original grant conditions.
- 7. WLAN transmitter only supports with passive scanning in UNII-2A band without radar detection, hence radar detection is exempted from evaluation in this permissive change.
- 8. WLAN and Bluetooth are not able to transmit simultaneously which is restricted by software.
