

APPENDIX-PHOTOGRAPHS OF EUT CONSTRUCTIONAL DETAILS

Model: LA200Bi

Photo 1

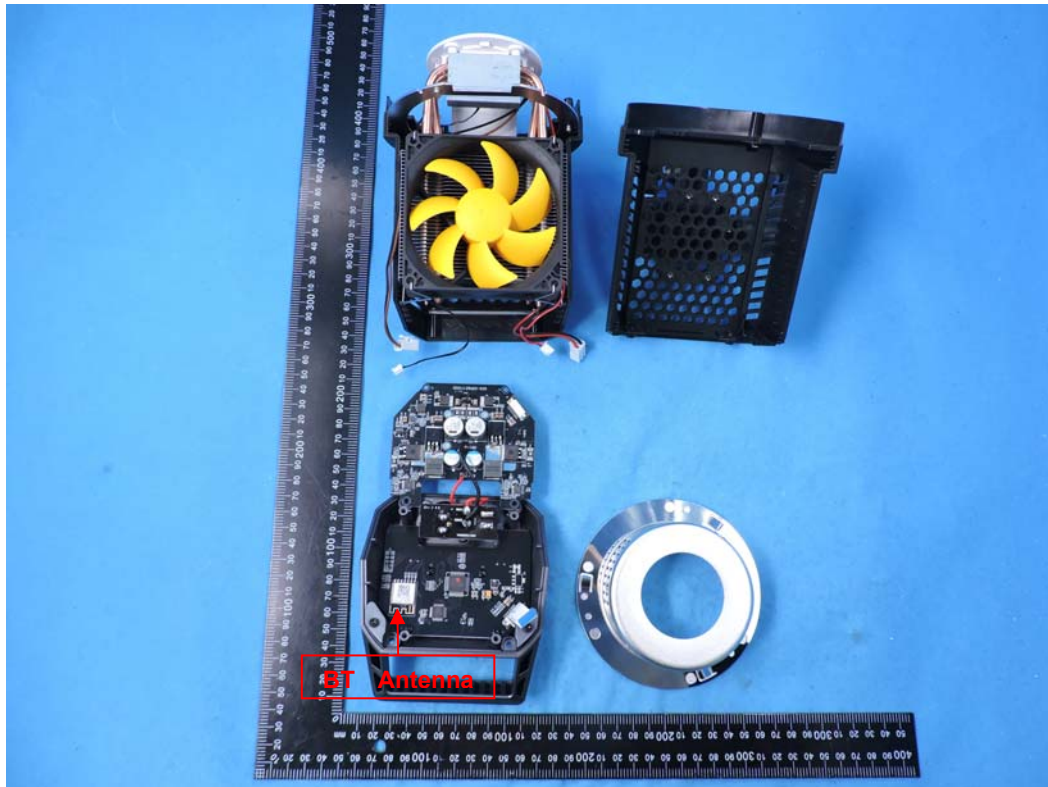

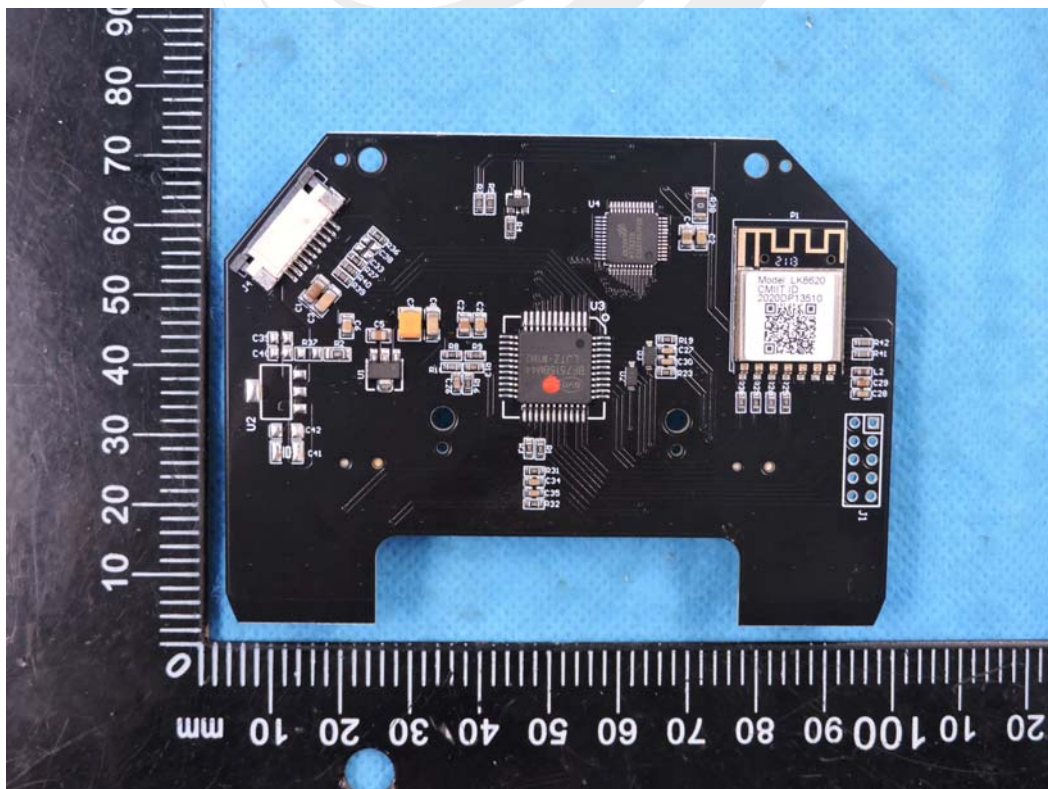

Photo 2

A photograph of a custom PCB with a ruler for scale. The PCB is black and populated with various components including a microcontroller (U1), a USB-to-UART bridge (U2), a USB connector (X1), a UART header (X2), and several passive components like resistors (R1-R10) and capacitors (C1-C10). The board is shown against a blue background with a white ruler indicating dimensions in millimeters.
