INTERNAL VIEW-2 OF EUT

A close-up photograph of a green printed circuit board (PCB) populated with electronic components. The central focus is a square, black integrated circuit (IC) labeled 'RENESSAS BK3433 ECU034AE'. To its left is a rectangular silver component, likely a crystal oscillator, labeled '16.000 JQ DNF'. The PCB is populated with various other components, including several small, tan-colored surface-mount capacitors and numerous gold-plated pins along the edges. The background shows the intricate circuitry and solder joints of the board.
