Model: DGLEDCBD32

Description: 32 inch Digital LED Liquid Chalk Board

Scan QR code to visit
the product page

FCC ID: 2ABCK-DGLEDCBD32
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference; and
(2) this device must accept any interference received, including interference that may cause undesired operation.
Any changes or modifications to this equipment must be approved by the party responsible for compliance. Such approval voids the user's authority to operate the equipment.

Operating Instructions for Digital Signage

Note: Before using the product, please read the instructions carefully!

Do not attempt to disassemble this product. If the product does not work properly, please call our Customer Service Department at 1-844-221-3393.

Features

1. Embedded with Android 7.1 smart operating system and unique UI design, bringing you a more convenient operation and better visual experience.
2. Support USB mouse and keyboard, realizing easy manipulation like a computer. Using a mouse for set up is recommended.
3. Built-in Wi-Fi module, high capacity memory and high capacity cache, making it smoother to watch 1080P HD movies.
4. High-quality LCD screen as the display, no flicker, low radiation, greatly reducing eye fatigue, eye protection, high brightness, high contrast, and wide viewing angle; ultra-fast response time greatly reduces ghosting of fast-moving images.
5. Progressive image processing and industry-leading motion compensation technology improve the flickering and blurring in the edges of motion picture.
6. Dynamic contrast technology can significantly improve the clarity and contrast of various screens.
7. Multi-channel USB interfaces, supporting HD media streaming.

Safety Warnings and Precautions

Thank you for purchasing the high-performance multi-functional LED backlight Digital Signage from Displays2go. We have considered the factors to ensure personal safety in product design and have tested rigorously at the factory. However, improper installation and use may result in electric shock and fire.

In order to safely use, maximize performance of the unit and extend the life of the product, please read and follow all instructions carefully before using the product.

Keep the instructions for future reference.

We strongly recommend using a surge protector, or a power strip with internal circuit breaker to prevent damages to the digital signage.

Symbol Legends:

- △ Warning: May cause personal injury or death
- The operation is prohibited
- ▲ Caution: May cause damage or property loss
- The operation must be executed

If any of the following occurs:

- Power outage or instable voltage.
- Abnormal sound or smell from the unit.
- AC power cord is damaged.
- Digital Signage is damaged due to drop, knock or impact.
- Any liquid or foreign matters fall into the enclosure.

④ Turn off the Digital Signage immediately, pull out the plug from the power outlet, and ask the authorized personnel for maintenance timely.

⑤ If coal gas or other flammable gas leaks, do not pull out the plug of the LCD Digital Signage or other electrical appliances; instead, turn off the gas valve immediately, and open the doors and windows quickly.

WARNING

-  • Do not use power supply other than AC 110V, 60Hz.
 - Cut off the power supply before connecting or disconnecting any cables.
 - Do not place the Digital Signage on any unstable positions, or else it may be damaged or cause fire.
 - Do not place the Digital Signage in the positions such as:
 1. The environment subject to direct strong sunlight, moisture, extreme temperature or too much dust;
 2. The environment with flammable or explosive materials;
 3. The environment with flammable or corrosive gases;
 - Do not use damaged or inappropriate power outlets and ensure that the plugs and outlets contact properly.
 - Do not let dust or metal deposits adhere to the plugs and outlets.
 - Do not damage the power cords:
 1. Do not modify the power cords;
 2. Do not place heavy objects on the power cords;
 3. Keep the power cords away from heat source;
 4. Do not pull the cord to remove the plug.
 - Do not connect too many plugs to one outlet in parallel, or else it may cause fire due to excessive power consumption.
 - Do not approach the Digital Signage with open flame (e.g. a lighted candle), or else it may cause electric shock or fire.
 - Do not put any sharp objects, metal or liquid into the vents or let them touch the signal terminals to avoid short circuit, product damage, and electric shock.
 - The openings in the enclosure are designed for ventilation and cooling, to ensure long time reliable running of components inside the enclosure and prevent overheating. Do not block the openings when place the unit.
-  Do not touch the plugs with wet fingers, or else it will cause electric shock.

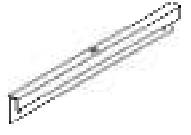

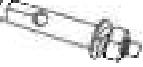

Do not use the Digital Signage in stormy weather, especially when there is lightning; instead, please disconnect the power and antenna plugs to avoid lightning strike.
-  Do not disassemble the Digital Signage without permission, or else it may cause electric shock or fire. Please ask qualified technician for repair.

CAUTION

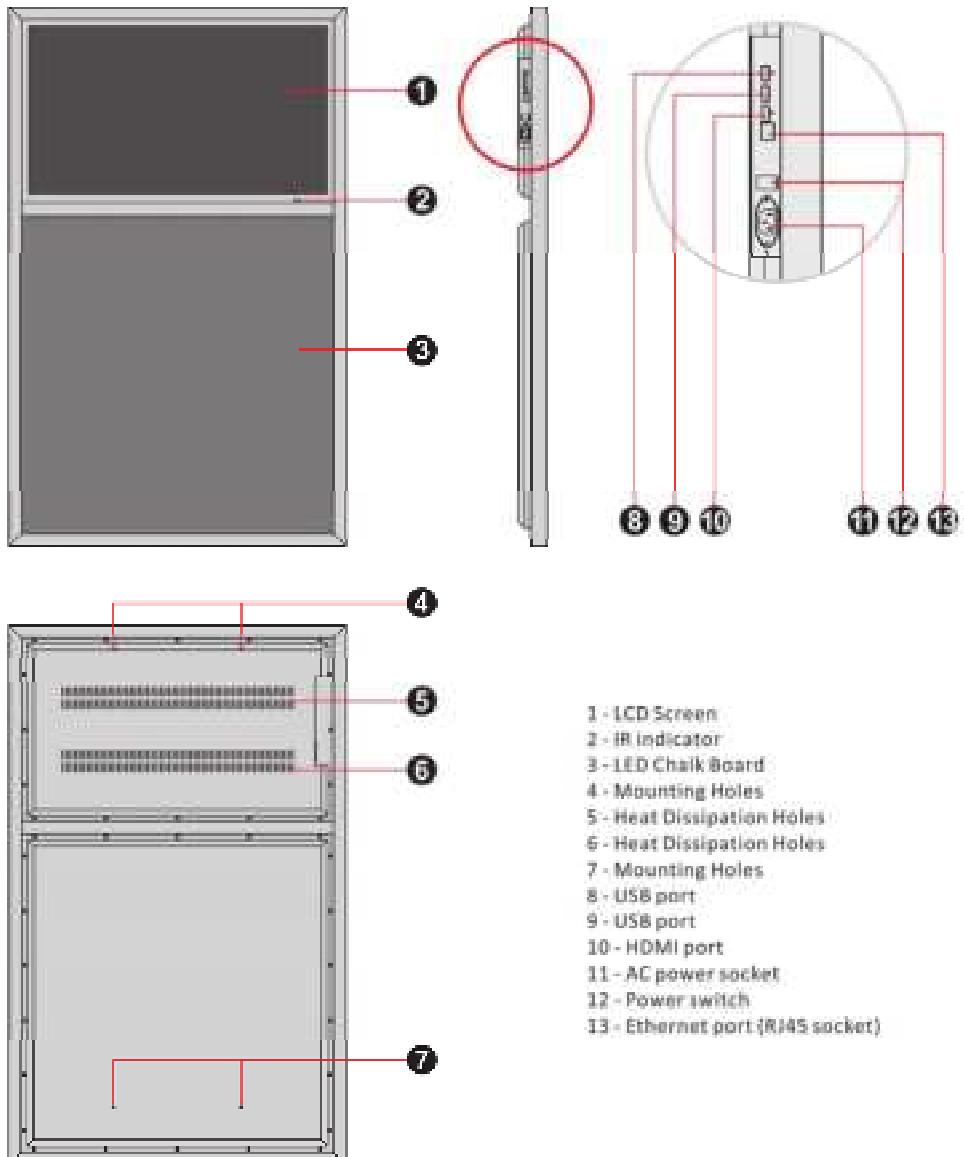

- Do not let children climb onto the Digital Signage.
- Keep the small parts away from children to prevent them from swallowing.
- If the Digital Signage won't be used for a long time, please turn it off and pull out the power plug.
- To adjust the position of the Digital Signage, please disconnect all power cords and move slowly to avoid tip over.
- Do not scratch or knock the LCD with hard object, or twist and squeeze the LCD.
- Do not turn on the unit immediately when it is moved from a place with low temperature to high temperature, or else it will cause condensation and malfunction.
- Before cleaning the Digital Signage, please pull out the power plug; wipe with soft cloth; do not use industrial chemicals; prevent foreign matters from entering the machine. Improper cleaning (such as cleaning solution, water) may damage the product, erase the printed information, and even cause damage of the components if fluid flows in, resulting in machine failure.
- If the unit displays the same screen for a long time or the moving picture has fixed text or icon, it will leave ghosting on the screen and won't disappear when the unit is turned off; it is normal and isn't covered by the warranty.
- The power of the Digital Signage can be cut off by pulling out the plug.
- If the LCD screen ruptures and the liquid splashes on the skin, please rinse for 15 minutes with clean water immediately, and consult your doctor.
- To carry the Digital Signage with hands, please grab and hold the edges; do not apply pressure on the panel.
- Use the Digital Signage properly: Use in proper lighting conditions; insufficient lighting or long time watching will impair your eyesight.
- When the plug or coupler is used as disconnection device, it should be easy to operate the device.
- Insert the plug into the outlet properly, or else it may cause sparks and fire.
- The technical specifications printed herein and on the packaging are subject to change without prior notice. The Manual may be slightly different from actual operation, and the latter is applicable.

Assembly and Connection

Packing List

Accessory	Photo	Qty	Remark
AC Power cord		1	with Ground Pin
Remote Control for LCD Screen		1	
Remote Control for LED Writing Board		1	
Wall mounting bracket A (On the backside of product)		2	
Wall mounting bracket B (On the wall)		2	
M6x16 Pan Head Screw		8	
M6x50 Expansion Wall Anchor (for Concrete Wall ONLY)		6	
User manual		1	

 Description of Parts

CAUTION: Disconnect the power plug before assembling or disassembling the unit!

Installation Instruction

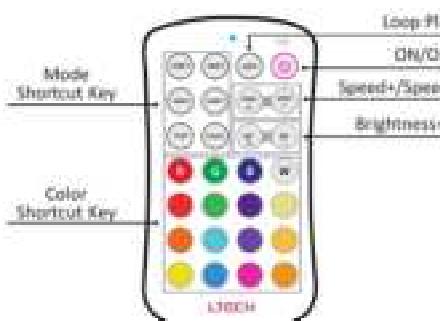

- Step 1:** Fix the bracket A onto the back of the product using M6x16 screws.
- Step 2:** Use the brackets as template and a bubble level to keep the bracket level. Secure the bracket B onto the wall with enclosed M6x50 wall anchors.
- NOTE:** 1. The vertical center distance is 1033mm.
2. The included hardware can ONLY be used on concrete wall.
- Step 3:** Carefully lift the unit up and slowly lower it onto the bracket on the wall.
- Step 4:** Align holes at the middle of the top brackets and fasten a M6x16 screw into the holes.

Instructions of the Remote Control for the LED Chalk Board

Product Description	Writing Board with Neon LED Lights
Main Material	Aluminum+ glass
Display Area	748x732mm
Light Source	RGB SMD3528 LED
Input Voltage	100-240V AC
Output Voltage	12V DC
Power Consumption	20W
Display mode	Static mode, Dynamic mode Single color, Multicolor
Brightness	Dimmable
Speed	variable
Control	Remote control
Wipe Type	Wet Cloth

Remote:

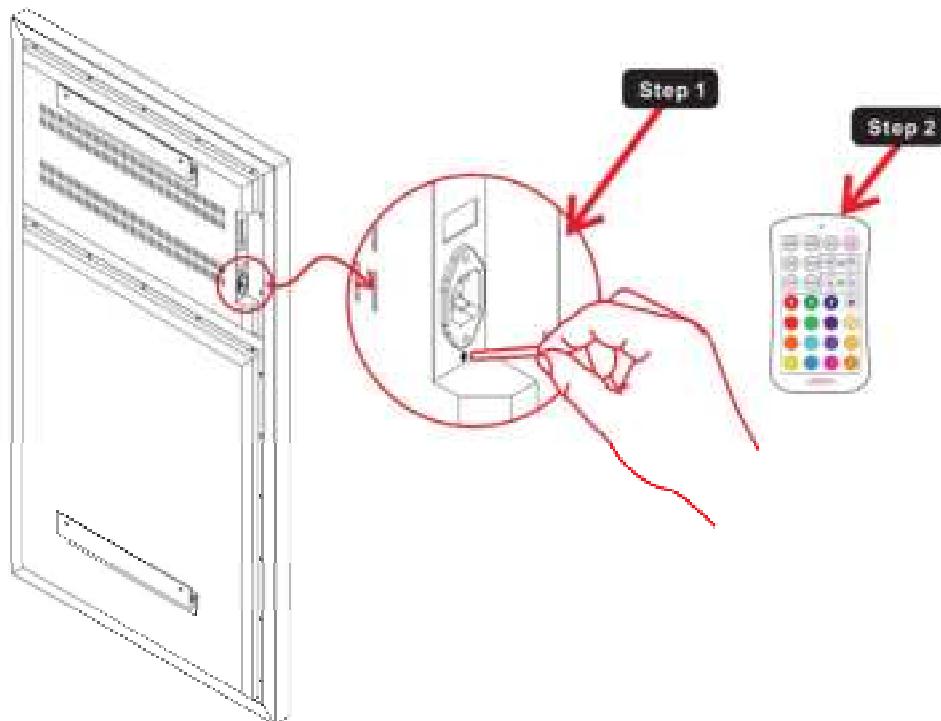

- Working Voltage: 3V (battery CR2032)
- Working Frequency: 433.92MHz
- Working Temp.: -30°C~55°C
- Dimensions: L104xW58xH9(mm)
- Weight(N.W.): 42g

Product Features:

- You can use liquid chalk marker to create content on the chalkboard and wipe off by using damp cloth.
- The RGB LED lights of this product can be set as static/dynamic mode, single-color or multi-color mode.
- The brightness and fade-in and fade-out effects can be adjusted with remote control.

NOTE: Only use erasable liquid chalk markers that are safe to use on the glass board.

Troubleshooting of the LED Remote Control

NOTE: The remote control has been paired with the product before shipping.

Please refer the solution below if the remote control doesn't work properly.

Make sure the battery is inserted properly and the unit is powered on.

Issue	Solution
● If the remote control is not working	Step 1 Use a tiny pin that can fit into the hole as shown in the detailed view above. Press and hold ID button to reset the device. Step 2 Press any key on the remote.

Remote Control of the LCD Screen

Installing batteries for the remote control:

Remove the battery cover and insert two AAA batteries (1.5V). Ensure that the battery polarity matches the "+/-" marks in the battery compartment of the remote control.

Precautions for using the remote control:

- Aim the remote control at the receiver window. Do not place any object between the remote control and the receiver window to avoid interference with the normal operation.
- Keep the remote control away from violent vibration. In addition, do not set or place the remote control in direct sunlight, or else the remote control may be deformed by heat.
- The remote control may be invalid when the receiver window of the unit is in direct sunlight or strong lighting; in this case, please adjust the angle of the lighting or the unit or approach the receiver window to use it.
- The distance of remote control will be shortened if the battery voltage is insufficient; in this case, please replace with new batteries; If the remote control won't be used for a long time or the batteries are run out, please take out the batteries to avoid corrosion due to battery leakage, which will damage the remote control.
- Do not use batteries of different types or mix new batteries with old ones. Always replace the batteries in pairs.
- Do not put the batteries in fire, or charge or disassemble them, or charge, short circuit, disassemble, heat or burn used batteries. Please dispose of waste batteries in accordance with local environmental regulations. Do not expose the batteries in overheated environments such as sunlight and fire.

Remote control buttons:

 Power switch	 Play programs; confirm selection
 To show the Source menu	 Display indication
 Mute	 Home page
 Turn down the volume	 Back
 Turn up the volume	 To show the main menu
 To move the cursor up	 To set up OSD menu
 To move the cursor left	 Input numbers
 To move the cursor right	
 To move the cursor down	

Description of Basic Operation

Power on/Standby

Insert the power plug into the outlet. If the Digital Signage has the switch button "I", turn it on. In power on state, press the "W" button on the remote control, and the Digital Signage enters standby state.

Interface and Home Screen

After power on, the machine will launch home screen, as shown below:

Icon	Function
	App Drawer
	Back
	Home page
	Background applications
	Sound -
	Sound +

Description of Wallpaper Switch

We suggest using a mouse to change the wallpaper.

Connect a mouse with the digital panel through USB port, then follow the steps below:

1. click "Setting".
2. At the setting menu, click "Display".
3. At the Display setting menu, click "Wallpaper", then choose a folder.
4. Then select an image you would like to set up as background.
5. Confirm the selection by clicking "Set wallpaper".

File Manager

1. Click the Main Apps button "⑩" in the Home page to enter the "APPS" menu interface (Fig. 1);
2. Click the "Explorer" icon in the "APPS" menu interface (Fig. 2) and enter "Explorer" menu (Fig. 3).
3. Click options in the "Explorer" menu to read the files from different devices.

Fig. 1

Fig. 2

Fig. 3

Local Settings

1. Click the App Drawer icon "≡" in the Home page to enter the "APPS" menu interface (Fig. 1);
2. Click the "Settings" icon (Fig. 1) and enter "Settings" menu (Fig. 2);
3. Click "Wi-Fi" and choose options then set up the WiFi connection (Fig. 3).

DIVIEx APP Introduction

System requirements:

Step 1: Before using the APP, make sure your device meets or exceeds the following system requirements:

CPU	Rk3288
Operating system	Android 7.1

How to upload media files:

Step 2: Plug in your USB drive to the computer. Open the drive in Windows Explorer and create a new folder, rename it "MediaFolder". As shown below:

Open "MediaFolder", create 3 subfolders, and change their names to "Images", "Videos", "Music".
Copy the media file to be displayed, image to "Images", video to "Videos", Music to "Music".

(1) : MediaFolder :

Name	Date modified	Type
Images	2020/3/13 16:49	File folder
Music	2020/3/13 16:51	File folder
Videos	2020/3/13 16:51	File folder

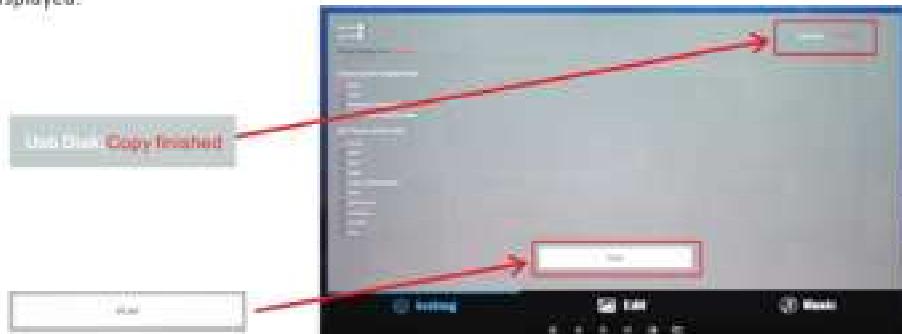

Supported Media Format:

Image	JPG, JPEG, BMP, PNG
Video	AVI, MPEG4, WMV, MKV, FLV, MP4, MOV
Music	Mp3

Step 3: Plug the USB drive into the device and click the DIVIE APP.

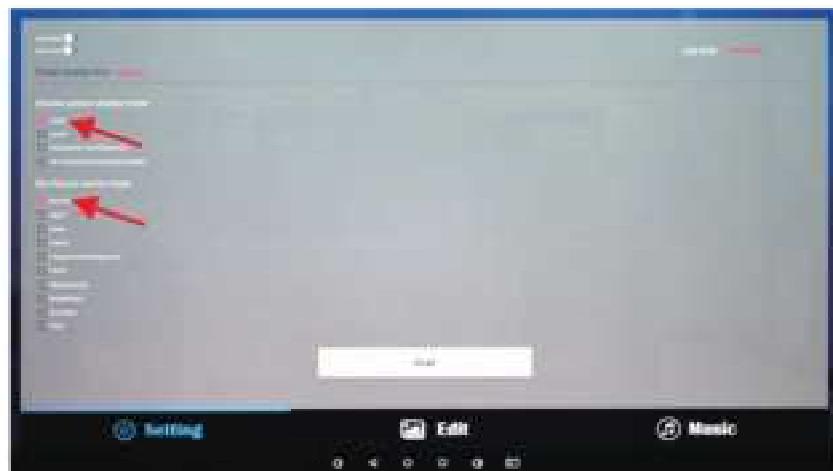

Step 4: When the screen shows "Copy finished" after "Usb-Disk:", the media files are ready to be displayed.

Settings:

1. Set the time each picture is to be shown on the screen by dragging the bar to the desired time.
2. Select how you would like the images to display. Select the desired transition effect between pictures:
 - + **Auto Boot**
DiVIEX APP will automatic open when the digital signage is turned on.
 - + **Auto Play**
DiVIEX APP will automatic play the slideshow when it is opened.
 - + **Choose Picture display mode**
Check a fit option how you want the pictures to be displayed.
 - + **Set Picture switch mode**
Choose an animation option to set the fade in and fade out effects.

Edit picture:

This function shows all pictures, you can edit all pictures, and remove it.

- + **Crop**
There are four corner handles and four border handles to crop the picture. Click and drag a handle to reshape the image to any size you need.
- + **Filter**
You can browse and try different filters in the filter gallery below the image. The APP support the following filter: AUTO_FIX, BLACK_WHITE, BRIGHTNESS, CONTRAST, CROSS_PROGRESS, DOCUMENTARY, DUE_TONE, FILM_LIGHT, FISH_EYE, FLIP_HORIZONTAL, FLIP_VERTICAL, GRAIN, GRAY_SCALE, LOMISH, NEGATIVE, PSTERIZE, ROTATE, SATURATE, SEPIA, SHARPEN, TEMPERATURE, TINT, VIGNETTE.
- + **Reset**
Click "Reset" to remove all the editing you applied to the image.
- + **Save**
Click the icon to save the edited image as a new image.

- **Image deletion**
Click "☒" to delete unwanted pictures

Music:

List all music files in the Playlist library

- Add music to "Playing List Music" (Background music) from "Playlist Library".
Click "right arrow", music title will show in the "Playlist Music" on the right.

- To remove the added music file from the playlist, click the "left arrow" in the playlist.

Factory Reset:

1. Get into Settings, then click "Backup & reset" (Fig. 1)
2. Click "Factory data reset" (Fig. 2)
3. Choose "Erase Tablet", then click "ERASE EVERYTHING" to get the unit to Factory Reset (Fig. 3)

Fig. 1

Fig. 2

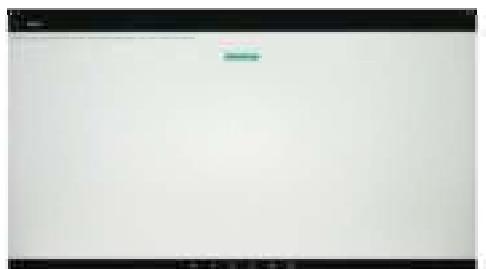

Fig. 3

Screen Rotation

1. Click the Main Apps button “” in the Home page to enter the “APPS” menu interface (Fig. 1)
2. Click “System assistant” into Fig. 2
3. Choose the degree to Rotate screen, then click “Confirm”, after the restart, the screen will be rotated (Fig. 3 &Fig. 4)

Fig. 1

Fig. 2

Fig. 3

Fig. 4

Choose System Language:

1. Get into Settings, then click "Language & input" (Fig. 1)
2. Click "Languages", then click "Add a language" (Fig. 2)
3. You can add the required system language (Fig. 3)
4. Drag the system language you just added up to the front (Fig. 4)-Please use a mouse to operate.

Cleaning and Maintenance

1. Avoid strong vibration or impact on the product.
2. Keep the product dry to avoid possible damage by moisture.
3. Don't place the product under direct sunlight which may shorten the service life of the screen.
4. Clean screen and product by using a glass cleaner.
5. If the product will not be used for a long time, pull out the power cord to prevent the internal short circuit or other potential dangers.

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
