

13 September, 2002

Federal Communication Commission  
Office of Engineering Technology  
Equipment Authorization Division

*Subject: Application for Equipment Authorization, FCC ID: AMWUC789*

EA Number: EA691615

Correspondence Reference Number: 23934

To Mr. Steve Dayhoff:

Take Notice that Mr. James Haynes, Vice-President, Engineering and Regulatory Affairs, Uniden Engineering Services did give verbal authorization (by telephone from the Carolinas Hospital today, heard over the speaker phone by Jay Sarkar and Art Brennan of APREL) for APREL to issue this request for confidentiality as an addition to the original request for confidentiality filed with the FCC, dated July 19 2002 on behalf of Uniden Engineering Services in the matter of the above noted application.

Pursuant to section 0.459 of 47 CFR, confidentiality is requested for: **SAR Liquid Recipes** Justification for this request is the protection of proprietary trade secrets and that such materials would customarily be guarded from competitors. Fees for the requested confidentiality have been paid for the original noted above as this is an addition to it.

Sincerely,

Jay Sarkar

Director of Standards and Certification  
APREL Laboratories
