This letter is a request for a 'Class II Permissive Change' in the contents and inclusions for an existing FCC grant, FCC ID #: RM9-ABNX03. The change in content would be the **addition** of test results from qualification tests conducted on the module with a Nearson S467AH-915S antenna and 2 meter antenna extension cable. There were no other changes to the module circuitry, power settings, channel plan, or modes of operation.

Regards,

A handwritten signature in blue ink, appearing to read "Mike McQuade". The signature is fluid and cursive, with a large initial "M" and a distinct "Q".
