

CONGRATULATIONS! You've purchased the product.

WARNING: To prevent electric shock, make sure the lamp is not plugged in until all steps are complete.

NOTE: THIS UNIT IS FULLY ASSEMBLED

1. Remove lamp from packing, placing lamp body base (A) flat on a steady surface.
2. Connect power Plug to a standard household 120V AC outlet.
3. Turn the lamp ON/OFF by using power switch (E) located on top of base (A).
4. To power LED settings, slightly touch switch (E) to achieve the following:
 - Turn lamp "ON" to 1st brightness setting; touch the switch "once";
 - for 2nd brightness setting; touch the switch "two-times";
 - for 3rd brightness setting; touch the switch "three-times";
 - for 4th brightness setting; touch the switch "four-times";
 - to turn lamp "OFF"; touch the switch "five-times".
5. This lamp provides three color modes. To adjust lighting color mode slightly touch switch (M) to switch light color temperature mode; 5000K, 2700K, 4000K.
6. To reposition the light, hold the lamp base (A) or neck (G) steady and move shade (H) up or down depending on needed adjustment. **DO NOT FORCE** the shade or lamp outside allowable adjustable range as excessive adjustment may cause damage.

WIRELESS CHARGING INSTRUCTIONS:

Wireless charging requires a Qi-certified device. To determine if your device is Qi-certified, please visit the Wireless Power Consortium website.

To wirelessly charge a device, perform the following:

- Place the device, which supports Qi wireless charging standard, face up on the middle of the Qi wireless charging icon (F).
- When the device is centered on the Qi wireless charging area (F), a solid BLUE light (J) will come on noting charging mode active. Your device should show charging is taking place.
- Check charge level on your device periodically to determine when device is fully charged. **NOTE:** Product DOES NOT provide any indication of when device is fully charged.

CAUTION! Device may become warm during charging. This is normal and part of the process. Charging times vary by device.

SAFETY WARNING: TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR INJURY TO PERSONS

1. Turn lamp off and **WAIT UNTIL LAMP HEAD IS COOL** before handling.
2. The LED panel (K) might get hot after several hours of continuous use **DO NOT** place your hands directly on LED light panel.
3. Never use with an extension cord unless the plug can be fully inserted into the receptacles in the extension cord.
4. Do not alter the plug.
5. The lamp head included with this unit cannot be replaced by the consumer.
6. **INDOOR USE ONLY.**

NOTE: The important safety instructions appearing in this instruction sheet are not meant to cover all possible conditions and situations that may occur. It must be understood that common sense, caution, and care must be used with any electrical product.

CAUTION! IF THE EXTERNAL FLEXIBLE CABLE OR CORD OF THIS LUMINAIRE IS DAMAGED, IT SHALL BE EXCLUSIVELY REPLACED BY THE MANUFACTURER OR ITS SERVICE AGENT OR A SIMILAR QUALIFIED PERSON IN ORDER TO AVOID A HAZARD. **INDOOR USE ONLY.**

CAUTION! THE LIGHT SOURCE CONTAINED IN THIS LUMINAIRE SHALL ONLY BE REPLACED BY THE MANUFACTURER OR HIS SERVICE AGENT OR A SIMILAR QUALIFIED PERSON.

CAUTION: Any change or modification to product not expressly recognized by OttLite Technologies voids OttLite's responsibility for proper function of product.

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radiofrequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The FCC certification of this device refers to RF exposure testing performed in typical operating conditions, where a person is no closer than 20 centimeters from the device surface at all times, except for non-repetitive patterns with transient time intervals in the order of a second. Only in the stated conditions, the device is shown to fully comply with the FCC RF Exposure requirements of KDB 447498.

IC WARNING

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

The equipment meets the ISED radiation exposure limits set for an uncontrolled environment. During the operation of the device, a distance of 10cm should be kept around the device and above the top surface of the device.

Cet appareil contient des émetteurs/récepteurs exemptés de licence qui sont conformes aux RSS exemptés de licence d'innovation, sciences et développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

1. Cet appareil ne peut pas causer d'interférences.
2. Cet appareil doit accepter toute interférence, y compris les interférences qui peuvent causer un fonctionnement indésirable de l'appareil.

L'équipement respecte les limites d'exposition aux rayonnements ionisants fixées pour un environnement non contrôlé. Pendant le fonctionnement du dispositif, une distance de 10cm devrait être maintenue autour du dispositif et au-dessus de la surface supérieure du dispositif.
