SUBJECT: Application for Certification FCC ID: K660A290910 Model GS2100MIP

To Whom It May Concern:

We were submitting an application for change in FCC ID.

Original FCC ID: YOPGS2100MIP
Original grant of certification: 06/25/14

No changes are being made to the module; we are requesting a change in FCC ID so that we can put it into our product. We will submit a separate application for that approval.

The original test results continue to be representative of and applicable to the equipment bearing the changed FCC Identifier.

Regards,
