Ref: FCC Class II Permissive change for FCC ID: MCQ-CC93

Applicant: Digi International Inc

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: MCQ-CC93 originally granted on 12/17/2024.

The change under this application is for the following reasons:-

We attest that the radio module remains unchanged and is electrically identical to what was certified, the only change being the new antennas added with host, ConnectCore CC93.

We attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,
