

Certification Exhibit

FCC ID: 2AJ3810233
IC: 22055-10233

FCC Rule Part: 15.247
IC Radio Standards Specification: RSS-247

Project Number: 16-0445

Manufacturer: Yardarm Technologies, Inc.
Model: BA10233

Manual

Holster Aware™ by Yardarm

Installing the Sensor

CHARGE SENSOR FOR A MINIMUM OF 4 HOURS PRIOR TO MOUNTING

- Step 1: Shake primer tube for 10 seconds once you hear ball rattle.
- Step 2: Squeeze sides of tube at mid-point between thumb and finger until you hear internal tube break.
- Step 3: Rub sponge tip of primer tube on preferred location of holster and discard primer tube.
- Step 4: Wait 5 minutes for primer to dry.
- Step 5: Remove liner from tape on back of sensor. Avoid touching exposed tape.
- Step 6: Carefully apply sensor to preferred location.
- Step 7: Press firmly for 30 seconds to permanently adhere.

Pairing the Sensor

CONNECT THE SENSOR TO THE CHARGER TO PUT IT INTO PAIRING MODE

To pair / unpair the Sensor, use your mobile device's Bluetooth settings.

FCC ID: 2AJ3810233 / IC: 22055-10233

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

INFORMATION TO USER

The user's manual or instruction manual for an intentional or unintentional radiator shall caution the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. In cases where the manual is provided only in a form other than paper, such as on a computer disk or over the internet, the information required by this section may be included in the manual in that alternative form, provided the user can reasonably be expected to have the capability to access information in that form.

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
