

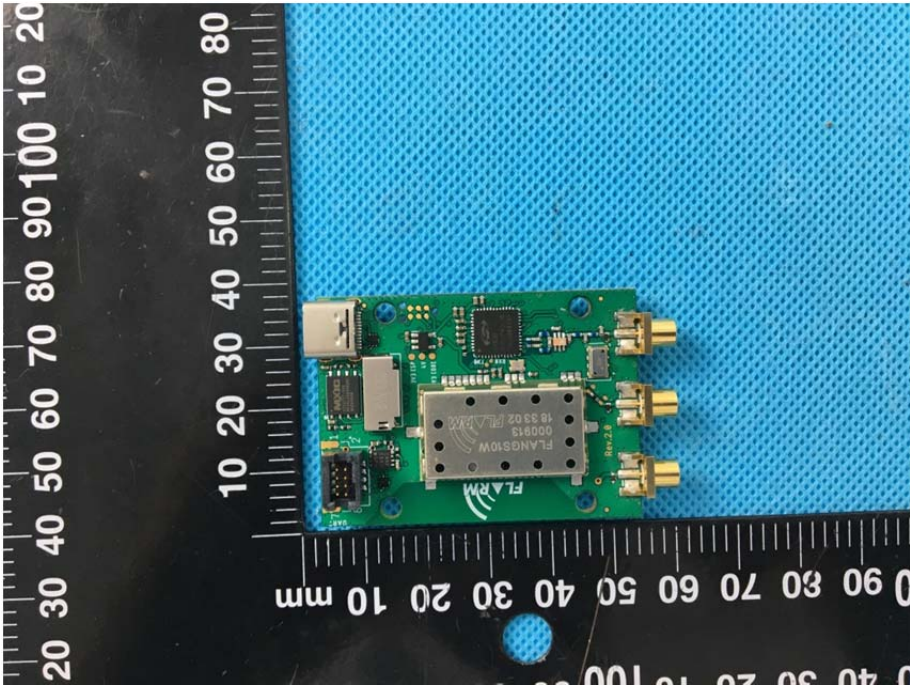

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A photograph showing various external components and cables of the EUT laid out on a blue textured surface. A black ruler is placed vertically on the left side of the components. The components include a green printed circuit board (PCB) with gold-plated connectors, a black cable with a white label, a black cable with a gold-plated connector, a black cable with a USB connector, and a black rectangular component. The ruler has markings in millimeters and centimeters.
EUT View 2	 A close-up photograph of the EUT PCB, showing various components and connectors. A black ruler is placed vertically on the left side of the PCB. The PCB is green and features a large silver component labeled "FLANGS10W 000913 183302". Other components include a black cable with a white label, a black cable with a gold-plated connector, and a black cable with a USB connector. The ruler has markings in millimeters and centimeters.
