Dear Dan,

Subject: TCB Services on a 50W Digital Base Station Transceiver (762 - 870 MHz)

As per Elite Quotation EEE704635-1 please carry out FCC (C2PC) to add 6 Separate Emissions Designators in the UHF Band 851-869MHz to the existing Grant / Certification for our Digital Base Station transceiver:

- FCC ID: CASTBCK4A

Equipment is capable and it had been tested since first submission to have them, but we missed these Emissions on our application forms so we would like to correct this information on FCC Grant.

Best Regards,

A handwritten signature in black ink, appearing to read "D. Jackson", written over a horizontal line.
