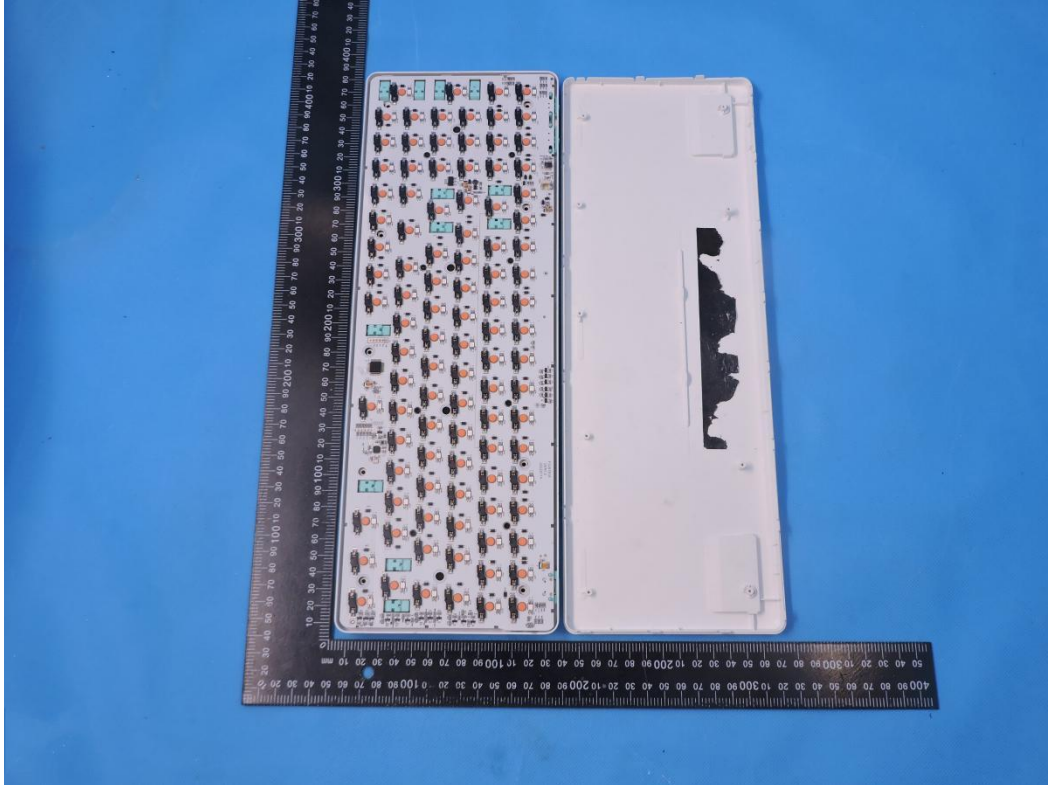

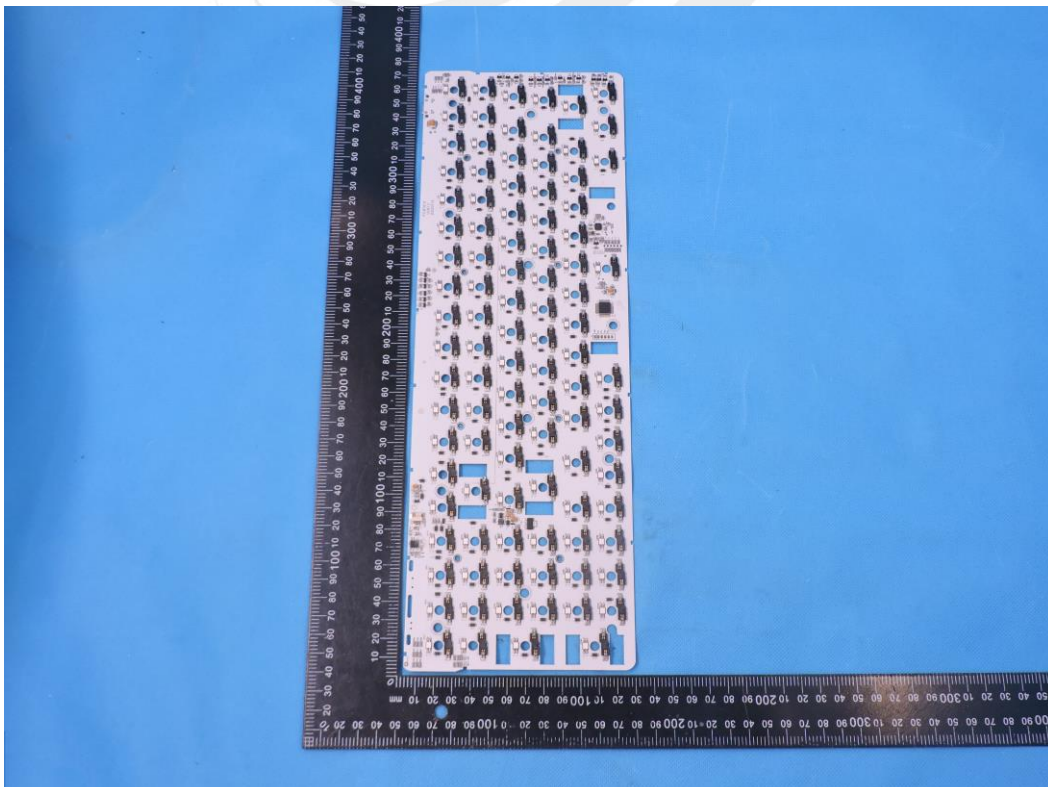

Photo 2

This image shows a custom PCB assembly with the following components and features:

- LEDs:** LED78, LED79, LED80, and LED92 are mounted on the board.
- Resistors:** R1, R2, and R3 are visible near the LEDs.
- Capacitors:** C1, C2, C3, C5, and C8 are present.
- Microcontroller:** U1 is a central component with many pins.
- Connectors:** J2 is a multi-pin connector on the left.
- Other components:** There are several small surface-mount components and a circular feature on the right.

2.4G/BLE Antenna
