Keystone - inside bottom door

Contains FCC ID: PD97265D2
Contains IC: 1000M-7265D2

Intel Mobile Communications

IC Label & Location for Intel Models 7265D2W

• RSS-GEN 5.2 – The label text shall be legible without the use of magnification
and if too small to meet this condition the label information may be included in
the user manual.

•The 7265D2W meet are considered to meet this criteria since
the module size is 12mm x 16mm and 4pt font is the largest that can
be used for module labeling which requires magnification for clear
viewing.

16mm

12mm

Intel® Dual Band
Wireless-AC 7265
Model: 7265D2W

Manufacturer & model number will
appear on module for identification.
Label will be replaced with laser
etching on the metal shield
for high volume manufacturing.

Modular Regulatory Certification Country Markings

A list of countries requiring regulatory markings is available. Note that the lists include only countries requiring marking but not all certified countries. To find the regulatory country marking information for your adapter, perform these steps:

1. Open this web site: http://www.intel.com/support/wireless/wlan/
2. Click on the link for your adapter.
3. Click **Document and Guides.**
4. Under **Regulatory Information,** click Regulatory documents for your adapter.

Regulatory ID

USA: Model 7265D2W, FCC ID: PD97265D2

Canada: Model 7265D2W &7265D2W AN, IC: 1000M-7265D2
