FEDERAL COMMUNICATIONS COMMISSIONS

Authorization and Evaluation Division

7435 Oakland Mills Road

Columbia, MD 21046

To whom it may concern:

The RF chip, model **nRF52832**, which installed in our product UWB Module, Model: UM-1, FCC ID: 2ARZVUM-1, supports BLE 1M, BLE 2M, 2.4GHz and NFC functions. For use in America and this chip will not support/enable BLE 2M and 2.4GHz. The BLE 2M and 2.4GHz function has been shielded by the manufacturer using the software. The NFC function is blocked from transmitting function, only receiving function.

Sincerely,

Signature:
