QUICK START GUIDE

BT-ID - D044966 Main FCC ID - 2AANZAIR Secondary FCC ID - 2AANZAIR2

Cool, you've got an Air by Quirky. Go you.

Let's get you going so you can listen to all your favorite tunes like never before. This little guide has all the answers you need about your new speakers. It's super helpful, so you should keep it around.

What's Inside

1 AirBase Bluetooth® Speaker 4 AirConnect Speakers USB Charging Cable Quick Start Guide (what you're reading right now) Aux Cable

Play your music wirelessly on all 5 speakers up to 75' from the AirBase. Speakers work together or on their own as Bluetooth® speakers. Portable so your music goes where you do. IPX4 water resistance (if they get splashed a little, no worries). Works through most of the walls in your home. Totally rechargeable. When speakers are connected they will charge from one cable.

SAFETY INSTRUCTIONS

Keep the unit away from heat sources, direct sunlight, humidity, water and any other liquids. Do not operate the unit if it has been exposed to water, moisture or any other liquids to prevent against electric shock, explosion and/or injury to yourself and damage to the unit. Do not use the unit if it has been dropped or damaged in any way. Repairs to electrical equipment should only be performed by a qualified electrician. Improper repairs may place the user at serious risk. Do not puncture or harm the exterior surface of the product in any way. Keep the unit free from dust, lint, etc, Do not use this unit for anything other than its intended use or purpose. Doing so may damage the device. This product is not a toy. Keep out of reach of children. Do not use the speaker at excessive levels as this may damage hearing. Do not expose batteries, battery pack, or batteries to installed to excessive heat, such as direct sunlight, or open flame.

Charging Your Speakers

You're anxious to take your new speakers out for a spin. We get it. But before you do, charge them for four hours. As long as the speakers are connected to each other you can plug the cable into any micro

The speakers work best if the AirBase is within 32' of your smart device. If you're out of range or your wireless connection is weak, y music may cut out briefly. Don't worry: Please make sure Bluetooth® is enabled on your device before you start the pairing process.

2. Now it's time to connect your AirBase to whatever Bluetooth® speakers are connected to each other, pressing any of the power buttons will turn them all on. If separated you will need to turn on each one individually. Do you see a little green light on the back of each one? Good. That means they're all on and connected. enabled device you'd like to use. You'll hear a friendly voice telling you your speakers are in "pairing mode."

will show a list of devices nearby; just choose "Air." Now

you'll hear a friendly voice confirming you're paired.

separate the speakers and put

Enjoying Your Speakers (continued)

*Disclaimer: Please note there are circumstances that may restrict the wireless connection from working to it's full 75' wireless capability like interference or thick walls.

But wait, there's more, You can also pair each AirConnect speakers to its own Bluetooth® Source to use as a separate Bluetooth® Speaker. Whoa, sounds complex, right? It's not. Just 3 little steps.

1. While the speakers are off, press and hold the power button until you hear a chime and

again to switch to Bluetooth® ode. The little indicator light

show a list of devices nearby

*Disclaimer: Both right speakers and left speakers have the same pairing names. Some devices may not allow you to pair to one of the speakers when you have already paired to a different speaker with the same name. You might need to delete the pairing name and try to repair.

Enjoying Your Speakers (continued)

Audio output of the Air can be used to connect to an alternate audio system, such as a home theater system, or a TV, by plugging the audio cable into the "OUT" jack on the Air and to the "line

Connection Lost?

If pairing to the speakers does not work, turn off the speakers and repeat the steps again in "Using Speakers." Make sure your speakers are within range of your smart device.

If you hear a long beep or a voice indicating low battery, you need to recharge your speakers. Connection may be lost due to low battery.

When charging your speakers, only use the enclosed USB cable.

Pairing Extra AirConnect Speakers

Your Air works great, but you'd like to expand your sound even more. Air allows you to add up to another 75 AirConnect speakers to your AirBase! Pairing extra speakers is easy, all you need to do is click your extra AirConnect speaker to the AirBase and presto! You've just expanded your sound.

Disconnecting Your AirConnect Speaker from your AirBase

Air gives you the flexibility and versatilely to listen to audio the way you want to. This is why you're able to disconnect AirConnect speakers from your AirBase and reconnect them to other AirBases. To disconnect an AirConnect speaker from your AirBase just follow these steps.

speaker will power on and then

back off. Make sure you continue to hold it until the AirConnect speaker powers itself off.

3. Your AirConnect Speaker is now disconnected from that AirBase and can be paired to
