## Qualification Statement EN1221S-60

FCC: HCQ3B64X9RU1

IC: 2309A-4X9RU1

The EN1221S-60 waterproof Senior Living pendant transmitter is being offered to satisfy the demand for a device capable of supporting 'Emergency Call Systems for Assisted Living and Independent Living Facilities'.

The EN1221S-60 EchoStream® pendant transmitter is a wireless, battery-powered transmitter, that is body worn by the user, and is typically used to send out a duress or panic condition. When the external button is pressed, an alarm message is wirelessly transmitted to a repeater or receiver, and then on to the central call station.

Sincerely,

A handwritten signature in black ink, appearing to read 'Corey Leavitt', with a long horizontal flourish extending to the right.

---
