RE: Certification Application
FCC ID: KBCIX600-BT
Model: IX600
We would like to apply for FCC Certification on the subject model (EUT). The EUT is a Notebook PC, and will have GPS, CRMA WAN, Bluetooth PAN and WLAN in product definition. The WLAN has already granted with FCC ID: KBCIX600-IWL. In this application, the FCC ID will be for the Bluetooth configuration only. Please see attached (Radio Specific Safety-bt.pdf) document to be packaged with each computer. The GPS, CRMA will be optional according to end user requirements. We wish not remove them from user manual. It is understood the product will have a different FCC ID for different configurations.
We have uploaded the related document for the EUT onto your website. Please review the information we submitted and issue us a grant for the subject model. If you have any comments, please do not hesitate to contact us.
Thank you for your attention to these matters.
Sincerely,
Eddy Hsiung
Eddy Hsiung / Director
