View 2**

EUT Housing and Board View 3	
Solder Board-Component View 1	

Solder Board-Component View 2	 A photograph of a small, rectangular electronic component with a yellow solder mask and blue PCB. The component is positioned on a black surface with a white ruler. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10). The component is oriented horizontally, with its longer side parallel to the ruler. A small, circular component is visible on the left side of the main component.
Solder Board-Component View 3	 A photograph of a larger, rectangular electronic component with a blue PCB and a large black rectangular area in the center. The component is positioned on a black surface with a white ruler. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10). The component is oriented horizontally, with its longer side parallel to the ruler.

Solder Board-Component View 4	 A photograph of a blue printed circuit board (PCB) component, labeled '4', showing various electronic components including a SIM card slot, a QR code, and a small blue square component. The board is placed on a black background with a white ruler for scale. The ruler has markings in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Solder Board-Component View 5	 A photograph of a blue printed circuit board (PCB) component, labeled '5', showing various electronic components including a SIM card slot, a QR code, and a small blue square component. The board is placed on a black background with a white ruler for scale. The ruler has markings in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).

Solder Board-Component View 6	 A photograph of a blue printed circuit board (PCB) component, likely a baseband processor, resting on a black surface with a white ruler. The ruler has markings in millimeters (0 to 100) and centimeters (0 to 10). The PCB features a SIM card slot, various integrated circuits, and solder points.
Antenna View	 A photograph showing the back of a smartphone with its battery cover removed, revealing the internal components. A black ruler is placed horizontally below the phone. Two red boxes with labels are overlaid on the image: one labeled "GSM1900; WCDMA B2/4; LTE B2/4 Ant" pointing to a small antenna on the left, and another labeled "WIFI/BT/GPS Antenna" pointing to a small antenna on the right. The phone's battery is visible, showing a blue and yellow label with technical specifications.

Antenna View	 GSM850; WCDMA B5; LTE B5/17 Ant. LTE B7 Ant.
