GUI Declaration letter

Date: 2014-12-02

FCC ID: QXO-57G45

To Whom It May Concern:

We, Extreme Networks, Inc., declare that as part of the DFS functionality in the WLAN driver, software is implemented to react to radar detection messages and move to a new channel. The control of this functionality is not accessible to anyone under any conditions. Furthermore, the software is locked and installed as single binary and access to the root is password protected. AP SW is packaged with the Controller SW and itself is also delivered and installed as single binary, access to the root is password protected and cannot be changed or modified by end user.

Thank you for your attention.

Sincerely yours,

Thomas R Whissel / Regulatory Compliance Manager
