# Connect the watch

Scan code to download Wearfit PRO

1. Download the "Wearfit Pro" APP to your mobile phone and install it, you can directly search for "Wearfit Pro" in the APP store to download, or scan the following QR code to jump to the link to download (scan code in browsers, WeChat, etc.)

2. Connect the watch

1) Scan code connection: After the watch is turned on and enter the dial page, slide right to enter the split screen function, click the "scan code connection" shortcut button, the connection QR code will pop up, and you can directly scan the code connection in Wearfit Pro.

2) Manual connection: After the mobile phone turns on Bluetooth, enter the APP to directly search for the device to manually connect.

3) Connect and call Bluetooth

In the initial state of the watch, the Bluetooth for calls is turned off, and the call and music functions cannot be used at this time. Scroll down to open the shortcut menu, and click the call Bluetooth switch. After turning it on, you can find the call Bluetooth in the mobile phone system (when the mobile phone Bluetooth is turned on), find the corresponding Bluetooth name, and click connect. After successful connection, you can use the call function and music function.

## Watch operating instructions

1. Split screen function: Swipe right to appear on the dial page, slide left to return.
2. Swipe left on the dial page to enter smart components. The system presets 3 components. Click "Add component" at the right end to add components, up to 5 components. Long press the component to enter the "Delete component" page.
3. Dial switching: Long press the screen on the dial page, the dial selection appears, select the corresponding dial and return to the main dial page.  
Note: The system presets five dial pages, and the last dial is named "Custom". This dial will change with the dial market on the APP side and the download settings of the custom dial.
4. Menu page: On the dial page, single press the side key to enter the menu page, after entering the menu page, double press the side key to switch between menus, and single press the side key to return to the main dial page.
5. Function page: In the menu page, click each application icon to enter the corresponding function, slide right to return, and press the side button to return to the main dial page.

# Recharge

Please align the metal contacts of the magnetic charging cable and be close to the charging contacts of the watch. The magnetic charging cable will automatically be attached to the charging contacts of the watch to start charging, and the charging instructions will be displayed on the watch screen.

note:

1. Do not charge in a humid environment;
2. Make sure that the metal contacts on the watch body and the magnetic charging cable are not dirty or corroded;
3. Please clean the metal contacts on the back of the watch and the magnetic charging cable with a clean flannel regularly. Ensure that the contacts of the watch and the magnetic charging cable are in full contact to ensure normal charging;
4. This product is not equipped with a power adapter. To ensure the safety of your family and property, you can use a computer USB port or choose a power adapter with an output not exceeding 5V  1A when charging. Please purchase power adapters through formal channels, and avoid using low-quality, fake power adapters to avoid bursting or fire.

# Bluetooth data transmission

When connected to a mobile phone, the watch will instantly synchronize some data with the mobile phone via Bluetooth, including weather, notification messages, sports health data, etc. After the connection is disconnected or Bluetooth is turned off, the data will not be synchronized.

## Precautions

1. The measurement results of this product are for reference only, not for any medical purposes or basis. Please follow the doctor's instructions and never make self-diagnosis and treatment based on the measurement results.
2. The waterproof grade of this product is IP67, and it cannot be used for deep diving and long-term soaking in water. In addition, this product is not resistant to hot water, because water vapor will affect the hand ring.
3. The company reserves the right to modify the contents of this manual without any notice. Some functions are different in the corresponding software version, which is normal.

Body material: zinc alloy + IML injection process

Battery capacity: 200mAh

Screen size: 1.57inch

Equipment requirements: Android 5.0 or iOS 10.0 and above.

Size: 41\*34.5\*10.5mm

Strap material: liquid silicone

Bluetooth: Bluetooth 5.2

Resolution: 320\*384

## **FCC Warning**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
