TROUBLESHOOTING GUIDE	23

Note:
 The Night Light is relatively dim, which is suitable for using at night.

Sound Control

- ▶ Tap to start/pause the selected sound.
- ▶ Tap to turn down the volume step by step; touch and hold to turn down the volume **stealthily**.
- ▶ Tap to turn up the volume step by step; touch and hold to turn up the volume **stealthily**.
- ▶ Tap to start selecting the sound for soothing your kids. Tap once at a time to play the 3 soothing tracks in sequence.
- ▶ Tap to start selecting the sound for helping your kids sleep well. Tap once at a time to play the 3 sleeping and tracks in sequence.
- ▶ Tap to start selecting the sound for helping your kids focus.
- Tap once at a time to play the 3 focusing tracks in sequence.

Countdown

You can set a time period for the selected sound after which the sound will automatically stop.

Step 1:
Press  to start setting the countdown time. The default countdown time is 30 minutes.

Step 2:
Press the **Countdown** button once at a time to select the countdown time among 30mins, 60mins, 90mins and 120mins.

Step 3:
Press the **Countdown** button again to exit the countdown setting.

• **Tips:**

- ① When the countdown ends, the sound stops and the light stops if you have turned on the light.
- ② The Countdown setting will only be enabled when the sound is turned on.

TROUBLESHOOTING GUIDE	
If you need any further assistance, please feel free to contact us at support@heimvision.com	
❑ The sound cannot be turned off by pressing  on the light.	
❑ The minimum sound volume is 3%, and the sound can be turned off by tapping  .	

❑ It seems that there is no response when I activate the Night Light mode. ❑ The Night Light is relatively dim, which is suitable for using at night. ❑ The light restarts suddenly or flashes quickly. ❑ Make sure to use a 502A adapter or the ORIGINAL Power Adapter. ❑ There is no response when pressing any key. ❑ Check if the Toddler Lock function has been enabled in the Custom Setting. Check if you have powered on the light.	FCR Caution Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. The device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in residential installations. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this
