

# LYWW20

## Owner's Manual

### Product Outline

### Main Characteristics

Operating temperature range	From -10° to 60°C
Input voltage	From 9 to 16V
Maximum Operating Current	2A @12V (typ.)

### USB

Data Communication	USB 2.0 HS
Charging Current	MAX 1.5A

### Wi-Fi

Protocol	802.11a/n/ac (5GHz)
----------	---------------------

### Bluetooth

To smartphone	A2DP
	AVRCP
	PBAP
	SPP
	HFP
	ANCS
	GAP
	GAVDP
To headset	GATT
	A2DP
	AVRCP
	HFP

### Connected Services

The device supports SDL (Smart Device Link) service which links your smartphone with the meter to use your smartphone for various features such as music playback, phone, notifications, and navigation. Features may vary by phone make and model. Also, the Apps you have installed in your smartphone.

### Hard Key Operation

Consider to the user's safety, the device is not allowed to use touch function. All operations need to use the hard keys on the handler.

### Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that

interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

#### **IMPORTANT NOTE:**

##### **Radiation Exposure Statement:**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 15cm between the radiator & your body.

The device shall be installed to provide a separation of at least 15cm from all persons.

Country Code selection feature to be disabled for products marketed to the US/CANADA

##### **Industry Canada statement:**

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference

- (2) This device must accept any interference, including interference that may cause undesired operation of the device

##### **Radiation Exposure Statement:**

This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 15cm between the radiator & your body.

##### **Professional installation instruction**

Please be advised that due to the unique function supplied by this product, the device is intended for use with our interactive entertainment software and licensed third-party only. The product will be distributed through controlled distribution channel and installed by trained professional and will not be sold directly to the general public through retail store.

##### **1. Installation personal**

This product is designed for specific application and needs to be installed by a qualified personal who has RF and related rule knowledge. The general user shall not attempt to install or change the setting.

##### **2. Installation location**

The product shall be installed at a location where the radiating antenna can be kept 15cm from nearby person in normal operation condition to meet regulatory RF exposure requirement.

##### **3. Installation procedure**

Please refer to user's manual for the detail.

##### **4. Warning**

Please carefully select the installation position and make sure that the final output power does not exceed the limit set force in relevant rules. The violation of the rule could lead to serious federal penalty.
