

Statement

The HHP Dolphin 9500 (FCC IDs: HD59500BUPE, HD59500LUPE, HD59500LU0E and HD59500BU0E) contains an approved module with the FCC ID: QIPMC75.

This module supports GPRS and EGPRS modes. The EGPRS mode of this module is not available on the D9500.

HHP stated that EGPRS is not available and this was confirmed during testing with the use of a base station simulator.
