

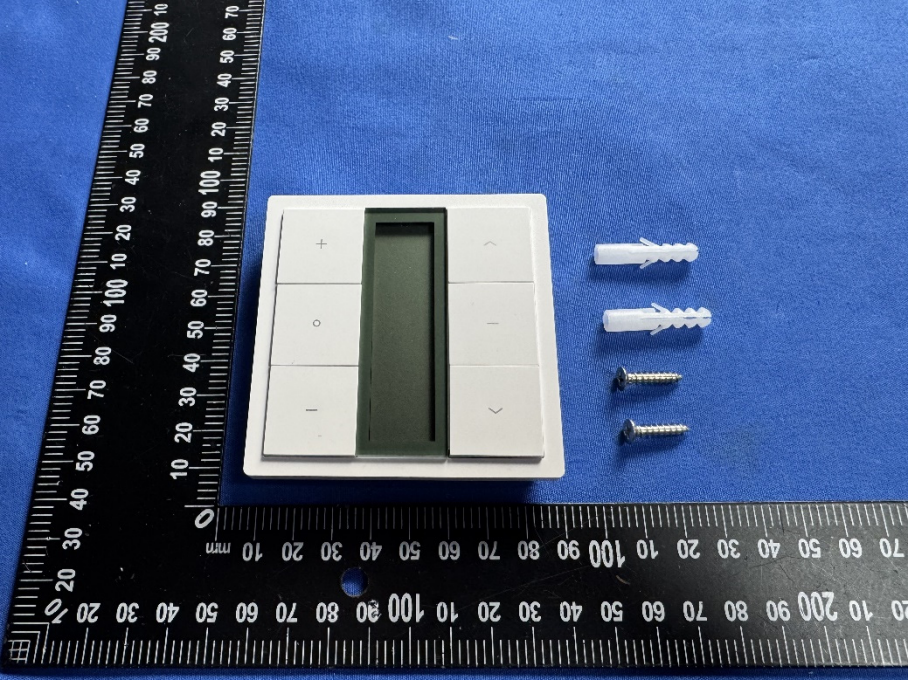

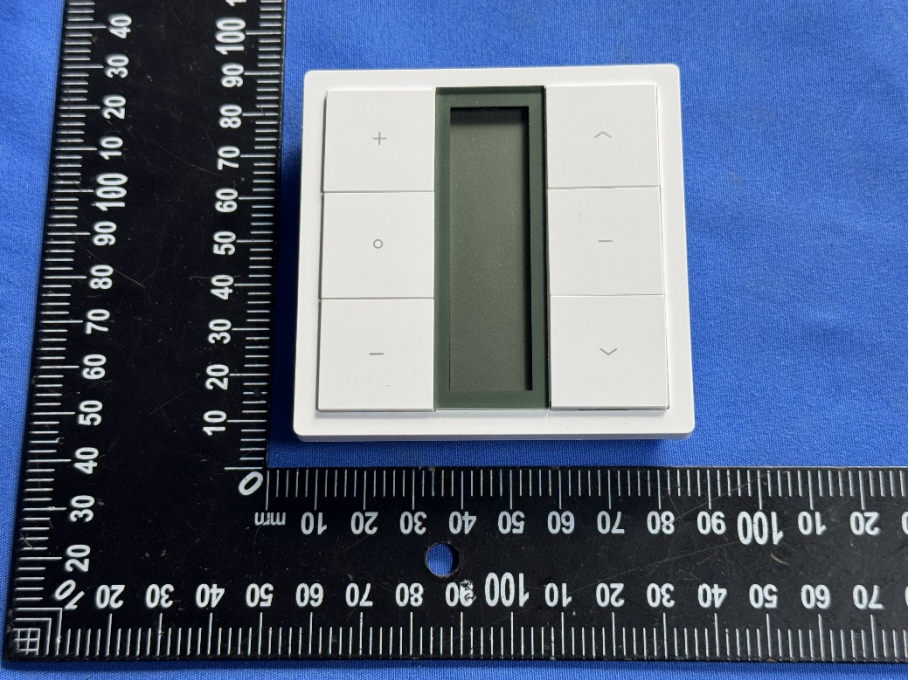

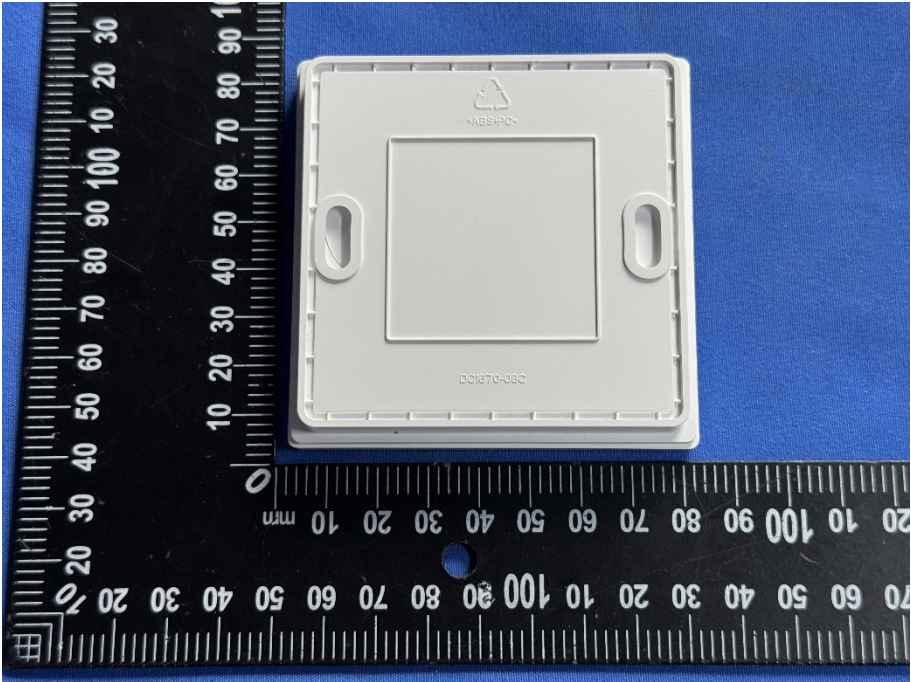

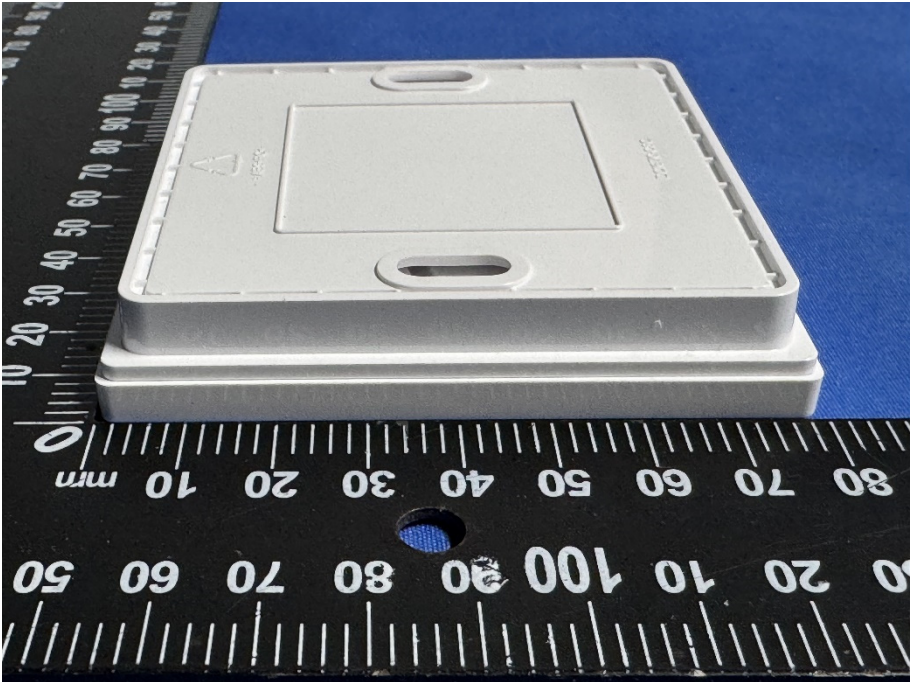

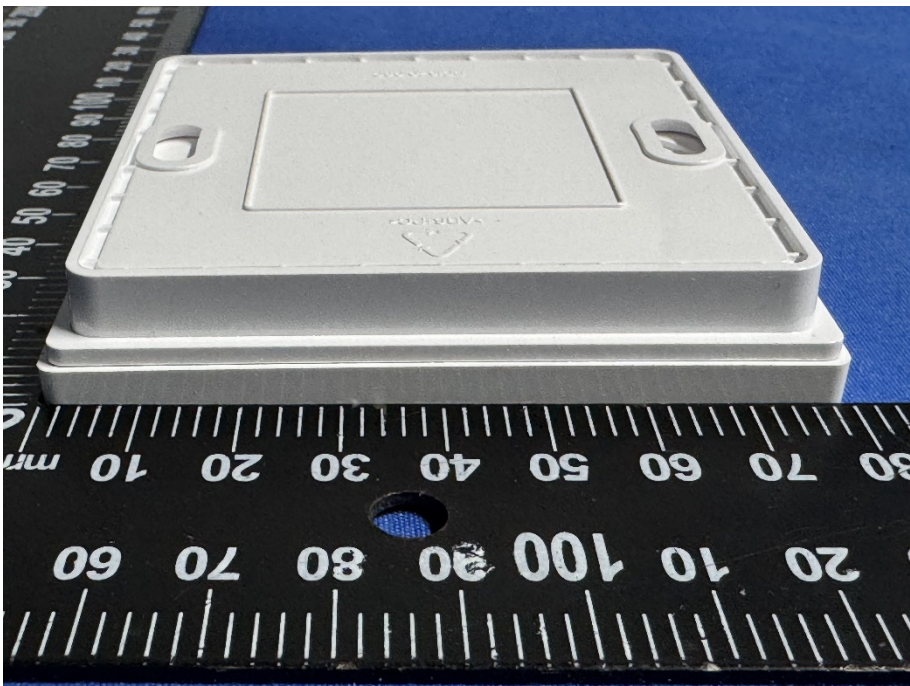

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

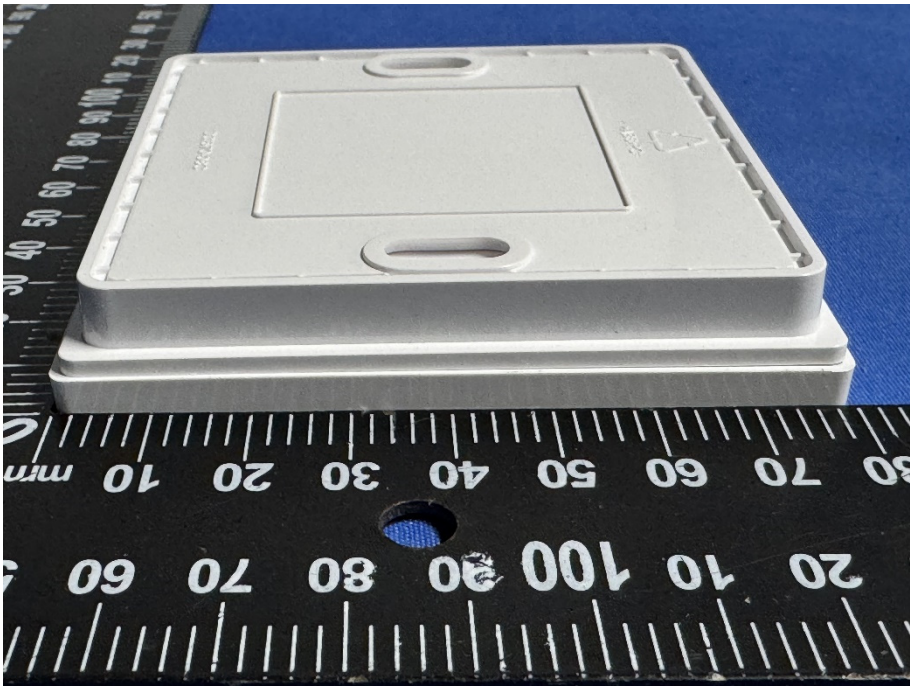

EUT View 1	
EUT View 2	

EUT View 3	 A top-down photograph of a white, square plastic component. The component has a central square recessed area. On the left and right sides of this central area, there are two elongated, horizontal slots. The component is placed on a blue fabric surface. To the left of the component is a black ruler with white markings, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component's width is approximately 60 mm. There is a small, faint circular mark on the top surface of the component, and some faint text is visible near the bottom edge.
EUT View 4	 A side-view photograph of the same white plastic component. This view shows the component's thickness, which is approximately 5 mm. The central square recessed area and the two side slots are visible from this angle. The component is placed on the same blue fabric surface as in View 3. A black ruler with white markings is visible in the background, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The component's width is approximately 60 mm.
