To Whom It May Concern

Subject: Compliance Statement for BlueTooth EMC Performance of the TPDH5D Digital Portable (2400 – 2483.5 MHz Band)

EUT is a TPDH5D Digital portable (TP9300 / TP9400 Brand).

Test Report 359699-1TRFWL demonstrates full compliance of the EUT with testing against all relevant requirements of the test standards.

- FCC 47 CFR Part 15 Subpart E - 15.247
- Industry Canada RSS-247

Exclusions: Power Output, Spurious Emissions and Band edge compliance only were tested.

For all other measurements, reference Test Report C2PC from International Certification Corp. for CC2564MODA and FCC Test Report from International Certification Corp. for CC2564MODA.

A handwritten signature in purple ink, appearing to read "Brian Emmett".
