Board View 4

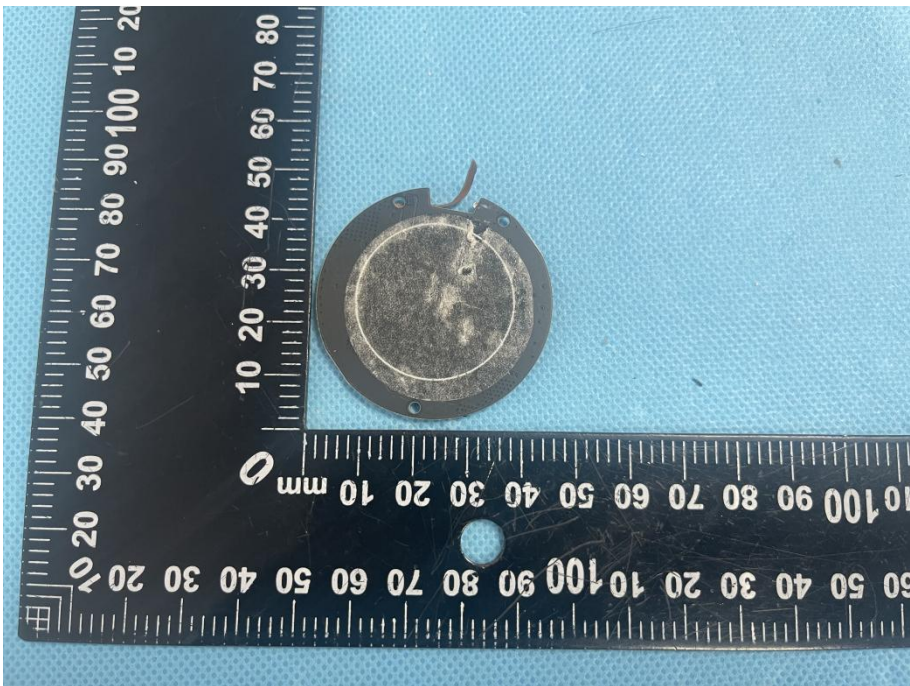

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The component is irregularly shaped with a central circular cutout and several mounting holes. It is populated with various electronic components, including a large integrated circuit (IC) in the center, several resistors, and a red electrolytic capacitor on the right side. The PCB is placed on a blue textured surface next to a black L-shaped ruler with white millimeter markings for scale.
Solder Board-Component View 2	 A photograph of the same green PCB component, labeled 'Solder Board-Component View 2'. This view shows the reverse side of the component, which features a large, rectangular silver-colored solder mask or pad in the upper central area. The rest of the board is mostly bare green copper with some smaller components and traces visible. It is placed on the same blue textured surface next to the same black L-shaped ruler for scale.
