

Continental Automotive Technologies GmbH
Heinrich-Hertz-Straße 45
78052 Villingen-Schwenningen, Germany

Model difference declaration EU/RoW vs NA

Hereby Continental Automotive Technologies GmbH declares that the following products with model names :

- C400 ECU MID EU/ROW 4.5G
- C400 ECU MID NA 4.5G

are identical to each other in construction and critical components except the Network Access Device (NAD – cellular communication) which are region specific variants from the same product family.

Refer to the following list for identical components:

1. Power supply module
2. PCB layout (only components population differences)
3. Application controller
4. Internal antenna
5. Antenna path
6. Housing material
7. SW version

Refer to the following list for differences:

Component		C400 ECU MID EU/ROW 4.5G	C400 ECU MID NA 4.5G
Network	Model name	FE4RW0260	FE4NA0210
Access	2G bands	3, 8	Not supported
Device	UMTS bands	1,3,8	2,4,5
(NAD)	LTE bands	1,3,7,8,20,28a,28b,38,40,41	2,4,5,12,13,14,28a,28b,29, 30Rx,66
